A WORD FROM THE DIRECTOR

“We who are strong ought to bear with the failings of the weak and not to please ourselves.” (Rom 15:1)

We have arrived at a very significant date: the 25th anniversary of the founding of the Ecumenical Humanitarian Organisation, and this is an opportunity and an occasion on which to take a look back and see what we have achieved. But for us as a non-governmental organisation, and a Christian one at that, our task first and foremost is to look back on the preceding 25 years in the spirit of the Bible verse quoted above.

Each day we face new challenges, new questions which we can resolve peacefully and calmly only with God’s help. And each day we examine ourselves: have we been strong enough, have we discharged our Christian duty to bear up the weak?

So often we are faced with human circumstances, with illness, with poverty, with helplessness, and in these situations have to take bold and wise decisions. Very often we face a lack of knowledge, when the right path to solving a problem needs to be shown. Often we encounter problems which we can only address by being physically present.

It is in the mirror of these problems that we see how strong we are, and that we can support those weaker than ourselves. Each time we can be thankful for God for giving us strength.

We must also confess that there are situations when we too are weak, when there are problems we cannot resolve as an organisation. Then we too seek aid from those who are “stronger” than us. These may be national, provincial or city institutions, or perhaps other (non-)governmental organisations with whom we can establish excellent partnership and support and strengthen one another and then others.

Sometimes even this assistance is not enough, and then we seek the support of our foreign partners and donors. Then, at these three levels, we are able to address the problems and strengthen those who are “weak”.

Looking back at our work over the last 25 years, the countless projects and campaigns, we can proudly say that we have been able to help many individuals and families. That we have succeeded in some small but significant areas to improve living conditions for some, to preserve human rights, to improve the social environment, contribute to education, and more besides.

Trusting in our strength and with our hope in God’s support we want to continue in our work, helping others.

Gyenge-Szlifyka Tilda

UVODNA REČ DIREKTORA

„Mi jaki dužni smo da podnosimo slabosti nejakih, a ne da sebi ugađamo.“ (Poslanica Rimljanima, 15:1)

Stigli smo do vrlo značajnog datuma, do 25 godina postojanja Ekumenske humanitarne organizacije. Sada je i vreme i prilika da se osvrnemo i pogledamo naša postignuća. Ali nama, kao nevladinoj i ujedno hrišćanskoj organizaciji, prvenstveni zadatak je da sagledamo proteklih 25 godina u duhu citiranog biblijskog teksta.

Svakim danom se susrećemo sa novim izazovima, novim pitanjima koja samo uz Božiju podršku možemo u miru i spokoju da razrešimo. I svakim danom se preispitujemo, da li smo bili dovoljno jaki, da li smo uspeli da ispunimo naše hrišćanske obaveze i podržimo nejake.

Često se susrećemo sa strašnim ljudskim sudbinama, sa bolestima, sa siromaštvom, sa bespomoćnošću, i u svakoj od tih situacija donosimo hrabru i mudru odluku. Mnogo puta se susrećemo sa neinformisanošću, kada je potrebno pokazati pravi put koji vodi do rešavanja problema. Mnogo puta naiđemo na probleme koje samo fizičkim prisustvom možemo olakšati.

I u ogledalu ovih problema vidimo koliko smo jaki i da možemo podržavati one slabije od nas. I svaki put zahvaljujemo Bogu što nam daje snagu.

I moramo priznati da ima situacija kada smo i „mi“ slabi, kada neke probleme ne možemo rešiti na nivou organizacije. Tada i mi tražimo pomoć od onih koji su „jači“ od nas. Bilo da su to institucije na republičkom, pokrajinskom ili gradskom nivou, ili neke druge (ne)vladine organizacije sa kojima u odličnoj saradnji možemo jedni druge i ostale podržavati i jačati.

Ponekad čak ni ova pomoć nije dovoljna i mi tada tražimo podršku od naših inostranih partnera, donatora. I tada, sada već na tri nivoa, uspevamo da rešavamo probleme i jačamo one koji su „nejaki“.

Tilda Gyenge-Szlifyka

Sagledavajući naš rad proteklih 25 godina preko mnogobrojnih projekata i raznih akcija, možemo sa ponosom reći da smo mnogo puta uspeli da pomognemo i pojedincima i porodicama. Da smo uspeli u malim, ali ipak značajnim, segmentima da poboljšamo uslove života, da očuvamo ljudska prava, da razvijamo društveno-ekonomske uslove, da doprinosimo obrazovanju itd.

Uzdajući se u našu jačinu i nadajući se Božijoj podršci, želimo da nastavimo naš rad pomažući drugima.

CILJNE GRUPE EHO

Ciljne grupe EHO su sve ranjive grupe čija su ljudska prava narušena i/ili se nad njima vrši neki vid diskriminacije. Prema Strategiji za smanjenje siromaštva, siromaštvo je najviše izraženo kod sledećih socijalno ugroženih grupa: deca, stari, osobe sa invaliditetom, izbegla i interno raseljena lica, Romi i Romkinje, ruralno siromašno stanovništvo, neobrazovane i nezaposlene osobe.

THE EHO CENTRE

After operating for years from eight rented offices in town, which made day-to-day work and long-term planning of the projects and activities of the organisation very difficult, the Ecumenical Humanitarian Organisation embarked on the construction of new facilities.

A plot of land occupied by a building earmarked for demolition was purchased in late 2003. A group of experts – architects and civil engineers – drafted proposals for the design of the new building, the EHO Centre. The final design was put together by selecting the best solutions from three proposals. Bids were invited for the construction of the EHO Centre, after which the EHO Management Board took the final decision to employ a local construction company to build the EHO centre.

Construction was begun in August 2005 and the EHO Centre was officially opened on 23rd June 2006. Now EHO had a functional 725 m² of space, including warehouse space, a laundry, a room for second-hand clothing and footwear, classrooms, rooms for working with beneficiaries, offices for EHO employees and volunteers, a library, a chapel and other resources made available to civil society organisations and state institutions.

Construction of an auxiliary building in the yard, the Social-Diaconal Centre, which bears the name of the founder and first director of EHO, Károly Béres, provided a further 300 m². Construction of the ground floor was completed in May 2008, while the first floor and yard were completed in November 2009. The Social-Diaconal Centre now houses the day centres for the elderly and for people with disabilities, and accommodation for volunteers and facility caretakers.

Funding for the construction of both facilities was provided by traditional church donors from Switzerland, Germany, the Netherlands and Austria.

EHO CENTAR

EHO danas raspolaže profesionalnim resursima koji su na usluzi i organizacijama civilnog društva i državnim institucijama.

EHO centar je funkcionalan prostor od 725 m² u kome se nalaze magacinski prostor, vešernica, prostorija za polovnu odeću i obuću, učionice, prostorije za rad sa korisnicima, kancelarije zaposlenih i volontera EHO, biblioteka, kapela. Pored toga, u dvorišnom objektu je prostor od 300 m² Socijalno dijakonijskog centra "Karolj Bereš" koji uključuje dnevni centar za stare i osobe sa invaliditetom i stanove za volontere i domara.

EHO je nakon rada u 8 iznajmljenih kancelarija u gradu tokom čitave jedne decenije postojanja, koju je pratila velika nesigurnost u radu i otežano planiranje projekata i aktivnosti organizacije na duži period, ušla u proces izgradnje novog objekta - budućeg EHO centra.

Parcela sa objektom namenjenom rušenju kupljena je krajem 2003. godine. Grupa stručnjaka (arhitekata i građevinskih inženjera) izradila je predloge idejnih rešenja za buduću zgradu, EHO centar. Glavni projekat za izgradnju je urađen izborom najboljih rešenja iz tri studije. Raspisan je konkurs za izgradnju EHO centra, nakon čega je Upravni odbor EHO doneo i konačnu odluku o angažovanju lokalne građevinske firme na izgradnji EHO centra. U avgustu 2005. godine otpočela je izgradnja EHO centra i 23. juna 2006. godine EHO centar je svečano otvoren.

Izgradnja prizemlja dvorišnog objekta, Socijalno dijakonijskog centra "Karolj Bereš" završena je maja 2008. godine, a sprat i uređenje dvorišta su završeni novembra 2009. godine.

Sredstva za izgradnju oba objekta obezbeđena su od tradicionalnih crkvenih donatora iz Švajcarske, Nemačke, Holandije i Austrije.

ŠTA KAŽU O EHO...

WHAT THEY ARE SAYING ABOUT EHO...

CHURCH REPRESENTATIVES

HOPING TO WORK SUCCESSFULLY TOGETHER FOR MANY YEARS TO COME!

In my own name and on behalf of the Evangelical Christian Church (Augsburg Confession) of Serbia – Vojvodina I would first like to congratulate EHO on their 25 years of successful operation and at the same time to thank them for many years of partnership, reliability and trust.

I am proud to have had the opportunity to work for all these years with a varied team of experts, all of whom have selflessly contributed to the betterment of our society.

It is especially important to note that despite our differing backgrounds and confessions we have nevertheless succeeded in sharing our knowledge and experience in order to achieve the objectives we have set ourselves.

I am sure that EHO will further contribute to the development of our society in a variety of areas and will be a significant factor in promoting innovative solutions. All of this will lead to positive changes within our own selves, and consequently in our families, which today perhaps more than ever are a foundation stone of our society.

I am convinced that EHO will continue to successfully pursue its mission in the future, too, thanks to its professional, expert and dependable staff, and that the Ecumenical Humanitarian Organisation will go on growing for many years to come, to the benefit of its users.

If we succeed together in transferring the core principles and approach of EHO to the younger generations, our survival will not be in doubt.

My sincere wish is for this excellent partnership of ours to continue for many years still, and so I individually wish all members, associates and those who think as EHO does, much prosperity, happiness and, most of all, love in their lives.

PREDSTAVNICI CRKAVA

U NADI DA ĆEMO USPEŠNO SARAĐIVATI JOŠ DUGO GODINA!

U ime Evangeličke Hrišćanske Crkve Augsburgskog Veroispovedanja u Srbiji – Vojvodini i u svoje lično ime, najpre čestitam organizaciji EHO 25 godina postojanja i uspešnog rada, a ujedno se zahvaljujem na dugogodišnjoj zajedničkoj saradnji, pouzdanosti i poverenju.

Ponosan sam što smo svih ovih godina bili u prilici da zajednički radimo sa timom raznovrsnih stručnjaka, koji su svi nesebično doprineli boljitku našeg društva.

Posebno je bitno istaći da smo, uprkos našim različitim korenima i veroispovedanjima, ipak uspeli da međusobno razmenjujemo znanja i iskustva zarad plemenitih ciljeva koje smo zacrtali.

Verujem da će EHO i dalje doprinositi razvoju našeg društva u raznim segmentima i da će u velikoj meri širiti inovativna rešenja. Sve bi to dovelo do pozitivnih promena u nama samima, pa na taj način i u našim porodicama, koje danas, možda više nego ikad, predstavljaju oslonac društva.

Ubeđen sam da će EHO i u budućnosti uspešno realizovati svoju misiju, zahvaljujući profesionalnim, stručnim i doslednim zaposlenima, odnosno da će EHO još dugo trajati i rasti na zadovoljstvo svojih korisnika.

Uspemo li zajedničkim snagama preneti na mlađe generacije osnovna načela i pristup poslu koji neguje EHO, opstanak nam neće biti sporan.

Moja je iskrena želja da se ova odlična saradnja među nama nastavi još mnogi niz godina. Shodno tome, šaljem svim članovima, saradnicima i istomišljenicima organizacije ponaosob mnogo blagostanja, sreće i nadasve ljubavi u životu.

The 1990s brought us disintegration, destruction and disaster. Because in Biblical terms, every evil serves a greater good – “...in all things God works for the good of those who love him” (Romans 8:28) – this was true of the Ecumenical Humanitarian Organisation too, founded in 1993 to mediate charity and assistance to people in need. In the beginning this consisted of packages containing food and hygiene products. The organisation also played a major role in bringing together its founding churches, which faced a huge challenge. Good inter-church partnership was vital to the survival of the organisation. Our mutual readiness is at the same time an indicator of the success of the organisation. I think we could have done even better – and we still can. Yet our many positive results speak of goals achieved, tasks fulfilled, houses built – which has brought new hope and new security for the future.

I have taken part in working with migrants, helping people on the road towards a better future, visiting their camps – but the greatest joy I have experienced in working for this organisation has been in distributing housing in areas affected by flooding. An unforgettable experience. A task well done by our staff and the whole organisation. I am sure the donors are happy with the intermediary role our humanitarian organisation has played, too.

I have been in this organisation for a quarter of a century, I have for many years been a member of the Board, Chair of the General Meeting and representative of the Evangelical Methodist Church in Serbia. I have been a witness to all the growth that has happened and the expansion into new areas of activity, and have followed with great interest. I very much appreciate the efforts invested by the staff into the survival of this organisation, their commitment to donors and their exemplary conduct in the local environment. A good corporate identity has been achieved within the country and abroad. The credit for this goes to all those people who have been there from the beginning and who have left the indelible marks of their sincere commitment, a path to be followed. The organisation belongs to all of us who comprise it and define its path, but also to all its users – those who use its services, facilities, opportunities. The organisation also belongs to all its donors, who have discovered the worth of this service and have directed their resources towards social work and towards building better living conditions and reconciliation among peoples. To God be all the glory and honour, for every good deed done in His Name.

Devedesete godine prošlog veka su nam donele razjedinjavanje, rušenje, raspad i katastrofe. Pošto je svako zlo za nešto dobro, biblijski rečeno: „onima koji ljube Boga, sve ide na dobro“ (Rimljanima 8,28), to se dogodilo i sa Ekumenskom humanitarnom službom, koja je osnovana 1993. godine da posreduje službu milosrđa i pomoć ljudima u potrebi. Najpre su to bili paketi sa namirnicama i higijenskim potrebštinama. Značajnu ulogu je ova organizacija imala i u zbližavanju crkava osnivačica, pred kojima je bio veliki izazov. Dobra međucrkvvena saradnja je bila i uslov opstanka organizacije. Naša međusobna spremnost je isto tako pokazatelj i uspešnosti organizacije. Mislim da je moglo, i da može, još i bolje. Mnogi pozitivni podaci svedoče o postignutim ciljevima, ispunjenim zadacima, izgrađenim kućama, što je donelo novu nadu, novu sigurnost za opstanak.

Učestvovala sam u radu sa migrantima, pružajući pomoć ljudima na putu prema boljoj budućnosti, posećivala njihove kampove, ali najveću radost u okviru rada ove organizacije sam doživela prilikom podele stanova u području zahvaćenom poplavama. Nezaboravan doživljaj. Ispunjen zadatak poverenih saradnika, ali i cele organizacije. Verujem da su i donatori zadovoljni ovom posredničkom službom naše humanitarne organizacije.

Četvrt veka sam prisutna u ovoj organizaciji, dugogodišnja sam članica Upravnog odbora, predsednica Skupštine, predstavnica Evangeličke metodističke crkve. Svedokinja sam čitavog razvoja i proširenja novih delatnosti i pratim ih s velikim interesovanjem. Cenim zalaganje saradnika za opstanak ove organizacije, revnosno ophođenje sa donatorima i adekvatno ponašanje u domaćem okruženju. Postignut je dobar imidž organizacije u zemlji i inostranstvu. Zahvalnost za to pripada svim ljudima, ali posebno onima koji su tu bili od početka i koji su ostavili tragove iskrenog zalaganja koje treba slediti. Organizacija pripada svima nama, koji je formiramo, određujemo, ali i svim korisnicima, koji koriste njene službe, ponude, mogućnosti. Organizacija pripada i svim donatorima, koji su otkrili vrednost ove službe i svoja sredstva tako usmeravaju na socijalni rad, izgradnju boljih uslova života i pomirenje naroda. Samo Bogu pripada slava i čast za svako dobro delo koje je u Njegovo ime učinjeno.

The Reformed Christian Church, as one of its founders, has since the beginning been actively involved in the work of this organisation, which was established in 1993 on the initiative of the World Council of Churches. At the time when this important humanitarian organisation – today we might almost say institution – was founded, circumstances were extremely difficult due to the civil war in the former Yugoslavia, and life was very hard for people. The primary task then was to help vulnerable people. Through its local church parishes, the Reformed Church distributed food, medications and hygiene supplies. When the diaconal groups were established this partnership was intensified, since in addition to the aid described, new services were introduced – measuring blood pressure and blood sugar levels – which was very important at the time. These groups had the opportunity to organise a variety of other activities locally through various projects, according to their assessment of the needs, such as, for example, professional assistance for the elderly, the sick etc. In this way the voluntary work grew – a concept that was unfamiliar at the time, but not to us in church, for whom this had always been a Christian obligation. Through its donors, EHO made it possible to provide greater assistance to those in need.

The churches today play a smaller role as compared to our former partnership – our environment has changed, and donors have other plans, too. Nevertheless, there are still many people here who are perhaps vulnerable in other, less tangible ways, who still need help and who are not encompassed by current projects.

EHO today continues to be a very useful and necessary organisation, not just for churches but for the whole of society. Perhaps the impact and mission of the church should be given a greater part in its activities. I wish God's blessings on the work of the organisation, that those who are helped would experience God's love, which is unlimited.

JESUS SAID, BY THIS EVERYONE WILL KNOW THAT YOU ARE MY DISCIPLES, IF YOU LOVE ONE ANOTHER. (Gospel according to John 13:35)

My name is Father Julijan Rac, protopresbyter stavrophore and parish priest for the last five years in the Greek Catholic Church parish of the Holy Apostles Peter and Paul in Novi Sad. I took over the parish from the now late Reverend Dr Roman Miz, one of the founders of EHO and a great ecumenist, journalist, publicist, historian, translator, bibliographer, teacher, ethnographer, writer... I realise I cannot do justice to all that he achieved in his 45 years of service and involvement in our parish. I also assumed his role as a member of the EHO Board, and only then got to know the greatness, the responsibility and the selfless commitment and dedication in the work of all the staff and management of that truly humanitarian organisation. In participating in the work of the EHO Board I have become fascinated with the professional, dedicated and responsible attitude of all employees of EHO, and this gives me strength in my own ministry to my parishioners, motivates me to a higher standard of involvement, effort and sacrifice in the fields of the Lord. My experiences from serving on the EHO Board are an endless source of strength and perseverance in all the things that the Lord has called me to.

Reformatska crkva, kao jedna od osnivača, od početka aktivno učestvuje u radu ove organizacije koja je nastala 1993. godine na inicijativu Svetskog saveta crkava. U vreme osnivanja ove danas značajne humanitarne organizacije, mogli bismo čak reći ustanove, situacija na našim prostorima je bila veoma teška zbog građanskog rata u bivšoj Jugoslaviji i ljudi su jako loše živeli. Prvobitan zadatak je tada bio pomoć ugroženom stanovništvu. Reformatska crkva je preko svojih lokalnih crkvenih opština distribuirala hranu, lekove, higijenska sredstva. Kada su osnovane dijakonijske grupe, podrška stanovništvu se povećala, jer su se stvorili uslovi da se pored gore pomenutih oblika pomoći, pružaju i usluge u oblasti zdravstvene zaštite, kao što su merenja krvnog pritiska i nivoa šećera u krvi, što je za stanovništvo tada bilo veoma značajno. Dijakonijske grupe su mogle u svojim okruženjima da organizuju i razne druge akcije preko projekata koje su predlagale na osnovu sopstvenog viđenja potreba lokalnog stanovništva, kao npr. stručna pomoć starim i bolesnim osobama i slično. Tako se razvijalo volonterstvo. Taj izraz se do tada slabo koristio, ali nama u crkvi ta vrsta delatnosti nije bila strana, jer je to oduvek bila hrišćanska obaveza. EHO je razvijao partnerstva sa donatorima i tako omogućivao da se još više pomogne ugroženima.

Crkve danas imaju manju ulogu nego što su imale ranije, jer se i naše okruženje promenilo, a znamo i da donatori imaju druge planove. Ipak, ovde još uvek ima mnogo ugroženih ljudi, koji su danas možda na drugi (nematerijalni) način ugroženi, kojima bi i dalje bila potrebna pomoć, a nisu uključeni u sadašnje projekte.

EHO je i danas svakako vrlo korisna i potrebna organizacija ne samo za crkve, nego i za čitavo društvo. Možda bi trebalo povećati uticaj i misiju crkve u ukupnom delovanju EHO. Želimo Božji blagoslov na celokupan rad organizacije i da oni kojima se pomaže osete Božju ljubav koja je beskrajna.

ISUS REČE: BUDETE LI IMALI LJUBAVI JEDNI ZA DRUGE, PO TOME ĆE SVI ZNATI DA STE MOJI UČENICI. (Evandjelje po Jovanu 13,35)

Halász Béla,
biskup, Reformatska hrišćanska crkva u Srbiji

Zovem se Julijan Rac, protoprezviter-stavrofor sam i već petu godinu služim u parohiji Grkokatoličke crkve svetih apostola Petra i Pavla u Novom Sadu. Parohiju sam preuzeo od, sada već pokojnog, prečasnog dr Romana Miza, jednog od osnivača EHO, velikog ekumeniste, novinara, publiciste, istoričara, prevodioca, bibliografa, pedagoga, etnografa, pisca, potpuno svestan da ne mogu dostići sve ono što je on učinio za 45 godina služenja i angažovanja u našoj parohiji. Došao sam i na njegovo mesto člana Upravnog odbora EHO i tek tada sam se upoznao sa veličinom, odgovornošću, nesebičnim zalaganjem i odricanjem koje rad svih delatnika i odgovornih u ovoj uistinu humanoj organizaciji iziskuje. Učešće u radu Upravnog odbora EHO me fascinira upravo zbog profesionalnog, predanog i odgovornog odnosa svakog zaposlenog u EHO. A to mi onda daje snagu u osobnom služenju u mojoj parohiji, daje mi podstrek za kvalitetnije angažovanje, zdušnije zalaganje i žrtvovanje na njivi Gospodnjoj. Iskustva koja stičem kroz rad u Upravnom odboru EHO su za mene stalan izvor nove snage, upornosti i istrajnosti za sve ono za što me je Gospodin odredio.

Julijan Rac,
sveštenik Grkokatoličke crkve, Novi Sad

In the time of great political and economic crisis in this region in the early 1990s I worked a great deal with Dr Roman Miz, parish priest of the Greek Catholic Church in Novi Sad. The doors of his apartment and his parsonage were always open to believers, to the spiritual-minded and to intellectuals. That was when I learned about his ecumenical work and his many friends and associates, with whom he sought to build bridges to bring together Christian churches and their believers. At the proposal and invitation of Father Roman Miz I agreed to become a member of the Board of the Ecumenical Humanitarian Organisation, and only then did I truly come to appreciate the activities of this organisation and to understand the extent to which love, goodwill and selfless investment in others, often those in trouble and need, can be small steps that lead to great deeds. For this I am grateful to Father Roman Miz and to all those with whom I have worked for all these years on disseminating the spirit and the deeds of ecumenism.

Dr Janko Ramač,
full Professor of the University of Novi Sad Faculty of Philosophy
Chair of the Management Board of EHO

U vreme velike političke i ekonomske krize na ovim prostorima početkom devedesetih godina prošlog veka dosta sam sarađivao sa dr Romanom Mizom, grkokatoličkim parohom u Novom Sadu. Vrata njegovog stana i parohijalnog doma bila su širom otvorena za vernike, duhovne osobe, intelektualce. Tada sam se upoznao sa njegovim ekumenskim radom i mnogim njegovim prijateljima saradnicima sa kojima je nastojao da gradi mostove zbližavanja hrišćanskih crkava i njihovih vernika. Na predlog i molbu Romana Miza prihvatio sam da postanem član Upravnog odbora EHO i tek tada sam istinski upoznao delatnost ove organizacije i shvatio koliko ljubav, dobra volja, nesebičan rad za druge, često one koji su u nevolji i potrebi, može malim koracima učiniti velika dela. Zbog toga sam zahvalan Romanu Mizu i svima sa kojima sam svih ovih godina sarađivao na širenju duha i dela ekumenizma.

PARTNERS

It has become fashionable to question the positive effects of development aid and to belittle it. My reply to this, based on my experience as a former representative of the HEKS programme in partnership with EHO in Novi Sad, is this: over the last 25 years there has been a rapid, tangible and professional response here to every new emergency, with sustainable projects that truly bring change to people's lives. I have seen it with my own eyes and heard with my own ears – how people in distress have been supported, advised and guided, and how new living space has been created for them.

Not long ago, at HEKS' Eastern Europe Day in Zurich, there was talk of the intolerable conditions suffered by refugees on the border between Serbia and Hungary, where only five people per day could cross. EHO is present there, too, working with these afflicted people, often whole families, offering them a place to live. I think of the words of Nikolai Gogol:

“I KNOW OF NO GREATER DEED THAN TO OFFER A HAND TO A MAN IN NEED.” SINCERE THANKS TO YOU, THE STAFF OF EHO, FOR YOUR TRULY ECUMENICAL HUMANITARIAN SERVICE (FOR WHICH YOUR ORGANISATION WAS INITIALLY CALLED EHS: ECUMENICAL HUMANITARIAN SERVICES). YOU ARE STILL NEEDED, AFTER 25 YEARS. MAY YOU GO ON FOR MANY MORE!

Programme Officer of HEKS for the former Yugoslavia, 1993-2001

Sada je u modi da se sumnja u pozitivne efekte razvojne pomoći, da se govori da to nije važno. Ja, sa iskustvom koje imam kao bivši referent HEKS-a zadužen za saradnju sa EHO u Novom Sadu, na to odgovaram: Ovde se već 25 godina brzo, osetljivo i profesionalno reaguje na svako najnovije vanredno stanje, sa održivim projektima koji zaista donesu prekretnicu u živote tih ljudi. Ja sam video svojim očima i čuo svojim ušima kako se ovi ljudi u nevolji podržavaju, savetuju, vode i kako je novi životni i stambeni prostor napravljen za njih.

Nedavno se, na godišnjicu HEKS-a u Cirihu, govorilo o nepodnošljivoj situaciji izbeglica na granici Srbije sa Mađarskom, koju samo pet ljudi dnevno može da pređe. EHO je i ovde bio prisutan i bavio se ovim ljudima u neprilici, često čitavim porodicama, i nudio im mesto za život. Padaju mi napamet reči Nikolaja Gogolja:

“NE ZNAM ZA VEĆI PODVIG NEGO ŠTO JE PRUŽITI RUKU ONOME KOJI JE KLONUO DUHOM.” HVALA ISKRENO SVIMA VAMA ZAPOSLENIM U EHO ZA VAŠU ZAISTA EKUMENSKU HUMANITARNU SLUŽBU (ZATO STE SE NA POČETKU I ZVALI EKUMENSKA HUMANITARNA SLUŽBA). ONA JE JOŠ UVEK POTREBNA I NAKON 25 GODINA, I BIĆE POTREBNA JOŠ DUGI NIZ GODINA!

Arne Engeli, b. 1936,
Programme Officer of HEKS for the former Yugoslavia, 1993-2001

In all these 25 years in which EHO and HEKS have been working together, EHO has gone through many changes: From a pioneer organization responding to the Balkan wars in the 90s to an organization supporting marginalized people and eventually to a fully professionalized and well-known service provider with its own social centers.

Peter Merz,
Managing Director
HEKS EPER

Through the intensive cooperation of HEKS and EHO in the field of Roma inclusion, an additional shift came into focus: the one towards systemic change, which aims to improve the situation of marginalized people not only in their livelihood, but by supporting municipal and governmental institutions to become more inclusive. For example, by institutionalizing the dweller-driven house upgrading approach or by building the capacities of Roma pedagogic assistants in the school system. These endeavors require a long breath and continued negotiations with local authorities. EHO has proven to be able to do both, not only in the field of Roma inclusion, but also by building up a professional home care service that cooperates with an increasing number of municipalities.

Angela Elmiger,
Desk Officer
Eastern Europe
HEKS EPER

AT THE SAME TIME, EHO WAS ABLE TO KEEP ITS VALUES AND ITS SPIRIT AS AN ORGANIZATION THAT DEEPLY CARES ABOUT THE PEOPLE IT IS WORKING FOR, PROMOTING EQUAL RIGHTS AND JUSTICE.

HEKS could also count on EHO again in crisis situations, be it during and after the floods of 2014 or in the refugee crisis. This is what makes EHO unique: Being an organization that is quick in responding and at the same time has the long breath to engage in difficult advocacy endeavors for systemic change.

For us at HEKS it is a good feeling that we can rely on a competent partner with a very committed team, we appreciate the trustful and open relationship. We are confident that EHO will remain a dynamic and innovativ organization, whatever the future changes will be. HEKS wishes EHO strength and success for the years to come.

Tokom svih ovih 25 godina tokom kojih su EHO i HEKS saradivali, EHO je prošao kroz brojne promene: od pionirske organizacije koja je nastala kao odgovor na ratove na Balkanu tokom devedesetih godina prošlog veka preko organizacije koja pomaže marginalizovanim slojevima stanovništva do potpuno profesionalizovanog i dobro poznatog pružaoca usluga sa sopstvenim centrima socijalne zaštite.

Tokom intenzivne saradnje između HEKS-a i EHO-a u oblasti inkluzije Roma u središte pažnje došla je nova problematika: ona koja se odnosi na sistematsku promenu koja ima za cilj poboljšanje položaja marginalizovanih slojeva stanovništva ne samo u oblasti stanovanja već i kroz pružanje pomoći opštinskim i drugim državnim institucijama da postanu inkluzivnije. Na primer, institucionalizacijom pristupa rekonstrukcije stambenih jedinica u skladu sa potrebama njihovih stanara ili jačanjem kapaciteta pedagoških asistenata za Rome u okviru obrazovnog sistema. Ovi poduhvati zahtevaju dugoročne i kontinuirane pregovore sa lokalnim vlastima. EHO je dokazao da je sposoban i za jedno i za drugo ne samo u oblasti inkluzije Roma već i u jačanju usluge profesionalne kućne nege u okviru koje saraduje sa sve većim brojem opština.

ISTOVREMENO EHO JE USPEVAO DA ODRŽI SVOJE VREDNOSTI I SVOJ DUH KAO ORGANIZACIJA KOJA ISKRENO BRINE O LJUDIMA ZA KOJE RADI I PROMOVIŠE JEDNAKA PRAVA I PRAVDU.

HEKS bi mogao ponovo da računa na EHO u kriznim situacijama, kao što je to bilo tokom i posle poplava iz 2014. godine ili tokom izbegličke krize. To je ono što EHO čini jedinstvenim: to što je organizacija koja je u stanju da brzo odreaguje i istovremeno može dugo da bude angažovana na realizaciji zahtevnih aktivnosti koje za cilj imaju sistemske promene.

Mi u HEKS-u se dobro osećamo jer možemo da se oslonimo na kompetentnog partnera koji ima veoma posvećen tim i cenimo otvoren odnos zasnovan na poverenju. Uvereni smo da će EHO i dalje biti dinamična i inovativna organizacija bez obzira šta budućnost donosi. HEKS želi EHO-u snagu i uspeh u godinama koje su pred nama.

Peter Merz, generalni direktor, HEKS EPER
Angela Elmiger, referent za istočnu Evropu, HEKS EPER

For the Swiss Cooperation Office in Serbia I would say that working with EHO is like working with a friend from youth. We both share the same values and we have seen each other grow and develop. Although we only started to cooperate in 2013, after having been introduced to EHO's work through a Swiss NGO HEKS-EPER within the framework of the Swiss-Serbian Migration partnership, our relationship grew strong. It further developed when EHO and HEKS introduced the innovative dweller driven housing model for the recovery of vulnerable families in the aftermath of the floods in 2014. EHO was also credible partner at the peak of the migration crisis in 2015 and 2016. We are extremely pleased that EHO initiatives reached out to some 24'000 vulnerable people in the past 4 years, both local and migrants. The EHO program has been well accepted and was successful at the local level. In many municipalities this allowed for housing upgrade of Roma settlements.

THE WAY THE EHO APPROACHES SOCIAL INCLUSION, A SHARED CONCERN IN OUR PARTNERSHIP, IS EXEMPLARY. BOTH THE SWISS DEVELOPMENT COOPERATION (SDC) AND THE SWISS STATE SECRETARIAT FOR MIGRATION (SEM) RECOGNIZED THE STRENGTH OF THIS HOLISTIC APPROACH TO INTEGRATION. EHO PUTS THE BENEFICIARIES IN THE DRIVING SEAT, LIKE THIS EHO ESTABLISHES A VALUABLE INTERACTION WITH THE VULNERABLE COMMUNITIES AND TRANSFERS THEIR FEEDBACK INTO THE SOCIAL HOUSING MODEL. FROM A DEVELOPMENT PERSPECTIVE THIS IS CRUCIAL FOR THE PROGRAM'S SUCCESS.

EHO-HEKS-EPER social housing model, potentially, could be one of the models addressing Roma housing in Serbia. Elements of the model are part of the new National Roma Strategy (2016 - 2025). Our main policy goal in this phase of cooperation is to see the EHO-HEKS dweller driven model receiving a national recognition. For this we need a committed partner at the government side and we are decisive to find one.

Ursula Läubli,
Director of Swiss Cooperation Office in Serbia

U ime Kancelarije Švajcarske organizacije za saradnju (Swiss Cooperation Office) u Srbiji želim da kažem da je raditi sa EHO-om isto kao i raditi sa prijateljem iz mladosti. Mi delimo iste vrednosti i gledali smo jedni druge kako rastemo i razvijamo se. Iako smo saradnju započeli tek 2013. godine nakon što nas je NVO HEKS-EPER upoznala sa radom EHO-a u okviru Švajcarsko-srpskog partnerstva u oblasti migracija naš odnos je ojačao. On se još više razvio kada su EHO i HEKS uveli inovativni model stanovanja prilagođen potrebama stanara za pomoć socijalno ugroženim porodicama nakon poplava iz 2014. godine. EHO je bio i pouzdan partner na vrhuncu izbegličke krize 2015. godine i 2016. godine. Izuzetno nam je zadovoljstvo što je 24.000 socijalno ugroženih ljudi dobilo pomoć tokom protekle 4 godine zahvaljujući inicijativama koje je pokrenuo EHO i to kako lokalnog stanovništva tako i izbeglica. Programi EHO-a dobro su prihvaćeni i uspešni su na lokalnom nivou. U mnogim opštinama to je rezultiralo unapređenjem uslova stanovanja u romskim naseljima.

NAČIN NA KOJI EHO PRISTUPA SOCIJALNOJ INKLUZIJU, KOJA JE ZAJEDNIČKO PITANJE KOJIM SE BAVIMO U OKVIRU NAŠEG PARTNERSTVA, MOŽE POSLUŽITI KAO PRIMER. ŠVAJCARSKA ORGANIZACIJA ZA SARADNJU I RAZVOJ (SWISS DEVELOPMENT COOPERATION, SDC) I DRŽAVNI SEKRETARIJAT ŠVAJCARSKE ZA MIGRACIJE (SWISS STATE SECRETARIAT FOR MIGRATION, SEM) PREPOZNALI SU SNAGU OVOG HOLISTIČKOG PRISTUPA INTEGRACIJI. EHO NA PRVO MESTO STAVLJA KORISNIKE I TAKO USPOSTAVLJA DRAGOCENU INTERAKCIJU SA UGROŽENIM ZAJEDNICAMA I PRENOSI NJIHOVE POTREBE U MODEL SOCIJALNOG STANOVANJA. SA RAZVOJNE TAČKE GLEDIŠTA TO JE OD SUŠTINSKE VAŽNOSTI ZA USPEH PROGRAMA.

EHO-HEKS-EPER model socijalnog stanovanja bi mogao biti jedan od modela za rešavanje stambenih problema Roma u Srbiji. Elementi modela sastavni su deo nove Nacionalne strategije za Rome (2016-2025). Glavni cilj naše politike u ovoj fazi saradnje je da doživimo da EHO-HEKS-EPER model stanovanja zasnovan na potrebama stanara bude priznat na nacionalnom nivou. Za to nam je potreban posvećen partner u Vladi i mi smo odlučni da ga pronađemo.

25 years of EHO, more than 10 of those in partnership with Diakonie Württemberg
Heartfelt congratulations to all the staff of EHO!

THANKS TO EXCELLENT WORK BY ITS STAFF AND THE WELL-BALANCED SUPPORT OF A VARIETY OF CHURCHES IN VOJVODINA, EVEN 25 YEARS AFTER ITS FOUNDING EHO IS STILL A YOUNG, LIVING AND DYNAMIC NGO WITH A DIACONAL AND ECUMENICAL ORIENTATION.

For more than 10 years now, Diakonie Württemberg has been happy to work with EHO – a very competent and reliable partner on shared projects helping people in need.

There are many very good reasons for the long and close partnership between Diakonie Württemberg and EHO – rational but also personal reasons.

What we appreciate about EHO is the great expertise and professionalism with which they conduct their work – the flexibility and speed with which projects are developed, drafted and, if required, adapted. Their financial transparency, their accurate record-keeping on the use of donated resources, their networking with local institutions, and their great effectiveness in achieving objectives even on projects with difficult target groups. In all this, EHO's work is distinguished by the exemplary and impressive application of values orientated towards human rights and the participation of those whose human dignity is under threat. From the professional point of view, you could not wish for a better partner than EHO in international diaconal cooperation.

Last but not least, though, the most important reason for the long partnership with EHO lies in another area. When I look back at my many visits to EHO, the first thing I think of is the great pleasure I have experienced in working with their staff. We have talked together, made field visits, accompanied groups of visitors, made plans and signed agreements – and in the evenings we have eaten and drunk together and talked of God and of the world. This “holistic” partnership has always given me great pleasure.

I am very grateful for the mutual trust and friendships we have experienced and established and which have developed over time.

I am grateful to all the staff of EHO for their long years of partnership and I hope that our cooperation will continue for many more.

My colleagues and I look forward to our future visits to EHO in Novi Sad.
I wish EHO and its staff all the best and God's blessing on their future work.

Yours,

Johannes Flothow,
International Representative for Diakonie Württemberg

25 godina EHO i od toga više od 10 godina saradnje Dijakonije Virtemberg i EHO.
Srdačne čestitke svim saradnicima EHO!

ZAHVALJUJUĆI ODLIČNOM RADU SVOJIH SARADNIKA I URAVNOTEŽENOJ PODRŠCI RAZLIČITIH CRKAVA U VOJVODINI, EHO JE I NAKON 25 GODINA OD OSNIVANJA MLADA, VITALNA I DINAMIČNA NEVLADINA ORGANIZACIJA SA DIJAKONIJSKOM, EKUMENSKOM ORIJENTACIJOM.

Dijakonija Virtemberg je srećna što već više od 10 godina radi zajedno sa EHO kao veoma kompetentnim i pouzdanim partnerom na zajedničkim projektima kojima se pomažu ljudi u nevolji.

Postoje brojni i veoma dobri razlozi za dugu i intenzivnu saradnju između Dijakonije Virtemberg i EHO – racionalni, ali i lični.

Cenimo kod EHO veliku stručnost i profesionalnost kojom se obavlja posao, fleksibilnost i brzinu kojom se projekti razvijaju, pišu i, ako je potrebno, prilagođavaju, transparentnost finansija i preciznost dokaza o utrošku sredstava, umrežavanje sa lokalnim strukturama, veliku efektivnost i postizanje ciljeva čak i kod projekata sa zahtevnim ciljnim grupama. Pritom, EHO u svom radu na primeran i impresivan način primenjuje vrednosti zasnovane na ljudskim pravima i poštovanju ljudi čije dostojanstvo je ugroženo. Sa profesionalne tačke gledišta, ne možete poželeti boljeg partnera od EHO za međunarodnu dijakonijsku saradnju.

I na kraju, ali ne manje značajno – najvažniji razlog za dugu saradnju sa EHO leži u drugoj sferi. Kada se osvrnem na mnoge posete EHO-u, pre svega mogu da kažem da rad sa osobljem pruža neizmerno zadovoljstvo. Razgovarali smo jedni s drugima, obavljali terenske posete, pratili grupe posetilaca, pravili planove i potpisivali ugovore - a uveče smo zajedno jeli, pili i razgovarali o Bogu i svetu. Ovaj "integralni" oblik saradnje uvek mi je bio veliko zadovoljstvo.

Veoma sam zahvalan na međusobnom poverenju i prijateljstvima koja su pri tome doživljena, nastala i razvila se tokom vremena.

Zahvaljujem se svim zaposlenima u EHO za dugogodišnju saradnju i nadam se da će naša saradnja trajati još mnogo godina.

Ja i moje kolege i kolegice se radujemo daljim posetama EHO-u u Novom Sadu. Želim EHO-u i zaposlenima sve najbolje i Božji blagoslov za njihov budući rad.

Srdačni pozdravi

Johannes Flothow,
referent za međunarodnu dijakoniju, Dijakonija Virtemberg

For more than 10 years Bread for the World cooperates with the Ecumenical Humanitarian Organization (EHO). In our experience, EHO is a very reliable, professional and committed partner. EHO made and still makes a valuable contribution to the betterment of the socio-economical situation of socially deprived people in Vojvodina and other parts of Serbia. EHO convinced us with its comprehensive approach aiming at the improvement of the living conditions, work and educational opportunities, as well as of the fulfilment of human rights of Roma communities, which are among the most vulnerable communities throughout Europe, including Serbia. Through its dedication and professionalism, EHO empowered thousands of people to live a more dignified and self-determined life. EHO helps people help themselves in an exemplary way. It works very closely with the affected and interested communities and truly involves them in decision making and project implementation. It always puts the human dignity and human rights in the center of its work. This makes its approach and impact so remarkable and valuable: it is not only the professionalism that counts but also the values

shared and lived by EHO and its employees and volunteers. As the 25 years of hard work show EHO, convinced not only us, but many other local, regional and international partners and created a stable and broad network of committed and reliable partners throughout Europe. We thank all colleagues at EHO for the fruitful and inspiring cooperation! We wish them and the organization all the best and are looking forward to the future development of their work and to the positive changes they are continuing to make in their society.

To partners in mission in the Ecumenical Humanitarian Organization on your 25th Anniversary

For the past four years the Evangelical Lutheran Church in America has been a partner with the Slovak Evangelical Church of the Augsburg Confession in Serbia and Ecumenical Humanitarian Organization in relief and development work with Roma communities and refugees. From our first project following the floods in 2014, we have been grateful to EHO for including ELCA in housing and livelihood rehabilitation and community mobilization for Roma people, and humanitarian aid, shelter and life skills development for refugees. In our association with EHO, we've observed your organization's focus on the well-being of the whole person and the whole community. Your vision of a "civil society fostering human dignity" is well-integrated with the vision of ELCA Global Mission: "Touching people's lives for the flourishing of human community."

In this 25th anniversary year EHO is joining with international partners to reflect on past achievements and launch a new Strategic plan for the coming years. ELCA values our partnership with EHO and is grateful for our mutual accompaniment for the benefit of vulnerable people in Serbia.

May God continue to work through the men and women, the organizations and churches that cooperate through EHO to fulfill the mandate given by Jesus to all his followers:

"WHATEVER YOU DID FOR THE LEAST OF THESE BROTHERS AND SISTERS OF MINE, YOU DID FOR ME."

Together in Mission,
The Rev. Dr. Rafael Malpica Padilla,
Executive Director, ELCA Global Mission

Već više od 10 godina Hleb za ceo svet (Bread for the World) saraduje sa Ekumenskom humanitarnom organizacijom (EHO). Naše iskustvo govori da je EHO veoma pouzdan, stručan i posvećen partner. EHO je dao i još uvek daje dragocen doprinos poboljšanju socijalno-ekonomske situacije o kojoj se nalaze socijalno ugroženi ljudi u Vojvodini i drugim delovima Srbije. EHO je veoma ubedljiv svojim sveobuhvatnim pristupom čiji je cilj poboljšanje uslova života, rada i mogućnosti obrazovanja, kao i ostvarivanje ljudskih prava u romskim zajednicama, koji su među najugroženijim zajednicama u čitavoj Evropi, uključujući Srbiju. Svojom posvećenošću i profesionalizmom EHO je pomogao hiljadama ljudi da žive dostojanstvenijim i samopouzdanijim životom. EHO pomaže ljudima da pomognu sami sebi i to na način koji može da služi kao primer. Oni tesno saraduju sa ugroženim i zainteresovanim zajednicama i istinski ih uključuju u donošenje odluka i realizaciju projekata. Oni uvek stavljaju ljudsko dostojanstvo i ljudska prava u središte svog rada. To njihov pristup i uticaj čini tako upečatljivim i dragocanim: nije stvar samo u profesionalizmu već i u vrednostima koje u EHO-u dele i po kojima žive njegovi zaposleni i volonteri. Kao što pokazuje 25 godina napornog rada EHO je ubedio ne samo nas već i brojne druge lokalne, regionalne i međunarodne partnere i stvorio je stabilnu i široku mrežu posvećenih i pouzdanih partnera u čitavoj Evropi. Zahvaljujemo se svim kolegama iz EHO-a na uspešnoj i inspirativnoj saradnji! Želimo njima i organizaciji sve najbolje i unapred se radujemo budućem razvoju njihovog rada kao i pozitivnim promenama koje će nastaviti da čine u njihovom društvu.

Partnerima u misiji iz Ekumenske humanitarne organizacije za njihovu 25.-o godišnjicu

Tokom protekle četiri godine Evangelička Luteranska Crkva u Americi bila je partner Slovačke Evangeličke Crkve (A.V.) u Srbiji i Ekumenske humanitarne organizacije u pružanju pomoći i razvoju rada sa romskim zajednicama i izbeglicama. Od našeg prvog projekta nakon poplava iz 2014. godine zahvalni smo EHO-u što je uključio ELCA u obnovu stambenih objekata i naselja i mobilizaciju zajednica za Rome, kao i pružanje humanitarne pomoći, obezbeđivanje smeštaja i razvoj životno važnih veština za izbeglice. Tokom naše saradnje sa EHO-om zapazili smo koliko je vaša organizacija usredsređena na dobrobit celokupne ličnosti i celog društva. Vaša vizija "građanskog društva koje poštuje ljudsko dostojanstvo" odlično se uklapa u viziju ELCA Global Mission: "Dodirnuti ljudske živote u cilju napretka čitave ljudske zajednice."

Tokom ove jubilarne 25.-e godine EHO zajedno sa međunarodnim partnerima analizira svoja dosadašnja dostignuća i pokreće novi Strateški plan za naredne godine. ELCA ceni naše partnerstvo sa EHO-om i zahvalan je na zajedničkom radu na dobrobit osetljivih kategorija društva u Srbiji.

Neka Bog nastavi da deluje kroz pojedince i pojedinke, organizacije i crkve koji zajedno rade u okviru EHO-a kako bi ispunili zadatak koji je Isus Hrist poverio svim svojim sledbenicima:

**"ŠTA GOD DA STE UČINILI ZA NAJSLABIJE OD MOJE BRAĆE I SESTARA
UČINILI STE ZA MENE."**

Zajedno u Misiji,
Velečasni Dr. Rafael Malpica Padilla,
Izvršni direktor, ELCA Global Mission

Our cooperation with EHO goes back to the year 2009 when we joined their initiative “Help for Street Children in Novi Sad”. We committed ourselves to the project because of its perfect fit with the goals of our organization that aims at promoting and supporting children and women in Central and Eastern Europe (CEE), who suffer from social, economic and health-related problems and disadvantages. We want to provide stability and the opportunity to learn to our charges so that they can ultimately stand on their own feet and lead an independent life.

All our projects are implemented in cooperation with local or international partner organizations, and EHO is definitely among those that we appreciate most.

WHAT I LIKE ABOUT EHO IS THAT THEY ARE WELL ORGANIZED AND HAVE A STRUCTURED APPROACH. THEY TACKLE PROBLEMS THAT ARE NEGLECTED BY THE PUBLIC SOCIAL AND WELFARE SYSTEMS. THIS IS WHY THEY CARE ESPECIALLY FOR STREET CHILDREN AND REFUGEES. THEY KNOW THAT THESE PEOPLE WOULD NEVER HAVE THE CHANCE TO ESCAPE FROM THEIR MISERABLE SITUATION WITHOUT HELP AND THEY ARE CONVINCED THAT THEY CAN MAKE A SIGNIFICANT DIFFERENCE. AND EHO IS CONTINUOUSLY AIMING FOR MORE.

Herbert Stepic,
H. Stepic CEE Charity

Once they have the feeling that they provide enough food, they start offering education and psychological support. And as a logical next step, they empower children and show them how versatile and imaginative they can be. A good example for empowerment was the photo project “My Life in the streets of Novi Sad” which we supported together with our subsidiary bank in Serbia and other partners. This entire concept is very much in line with the principles of Raiffeisen: “What cannot be accomplished by one alone, can be achieved by many working together!”. And last, but not least, they are an extremely reliable partner.

I founded the “H. Stepic CEE Charity” in 2006 as CEO of Raiffeisen Bank International (RBI) on the occasion of my 60th birthday. I want to support those who could not improve their lives on their own after of the political and economic changes in CEE. I am very proud to say that we executed almost 70 projects in 15 countries throughout the region. This would not have been possible without the passionate commitment of many colleagues at RBI’s head office in Vienna and its subsidiaries across CEE. These achievements, together with RBI’s great support and especially the feedback of those who benefit from our activities have been keeping me fully committed and active for our initiative also after retiring from RBI recently. I wish EHO a lot of success for the next 25 years and beyond, for us many partners like EHO and for both organizations a long and fruitful continuation of their successful cooperation!

Naša saradnja sa EHO-om započela je 2009. godine kada smo se pridružili njihovoj inicijativi "Pomoć za decu ulice u Novom Sadu". Tada smo se posvetili realizaciji tog projekta zbog toga što se on savršeno uklapao u ciljeve naše organizacije koja teži promovisanju i pružanju pomoći deci i ženama u srednjoj i istočnoj Evropi koji pate zbog socijalnih, ekonomskih i zdravstvenih problema i hendikepa. Mi želimo da obezbedimo stabilnost i pružimo im priliku da o našem trošku nauče nešto novo kako bi kasnije mogli da se osamostale i vode nezavistan život.

Svi naši projekti realizuju se u saradnji sa lokalnim i međunarodnim partnerskim organizacijama, a EHO je definitivno među onima koje najviše cenimo.

ONO ŠTO NAM SE DOPADA KOD EHO-A JESTE DA SU DOBRO ORGANIZOVANI I DA IMAJU STRUKTURIRANI PRISTUP. ONI SE BAVE PROBLEMIMA KOJE DRŽAVNI SISTEMI SOCIJALNOG ZBRINJAVANJA ZANEMARUJU. ZBOG TOGA POSEBNO BRINU O DECI ULICE I IZBEGLICAMA. ONI ZNAJU DA ONI NIKADA NE BI IMALI ŠANSU DA POBEGNU IZ STANJA SIROMAŠTVA U KOME ŽIVE BEZ POMOĆI I UVERENI SU DA ONI MOGU DA UČINE DA SE STVARI PROMENE. EHO STALNO TEŽI KA VIŠEM.

Kad im se učini da su obezbedili dovoljno hrane počinju da nude obrazovanje i pomoć psihološkog savetovanja. A logičan naredni korak je da pomažu deci tako što će im pokazati koliko svestrani i maštoviti mogu da budu. Dobar primer toga je projekat fotografija "Moj život na ulicama Novog Sada" koji smo podržali zajedno sa našom podružnicom u Srbiji i drugim partnerima. Ceo ovaj koncept veoma je u skladu sa principima kojima se rukovodi Raiffeisen banka: "Ono što ne mogu postići pojedinci možemo postići kada radimo zajedno!". I na kraju, ali ne i najmanje važno, oni su izuzetno pouzdan partner.

Ja sam osnovao Fondaciju "H. Stepic CEE Charity" 2006. godine kao generalni direktor Raiffeisen Bank International (RBI), na svoj šezdeseti rođendan. Želim da pomognem onima koji ne mogu sami da poboljšaju svoje živote posle političkih i ekonomskih promena u zemljama srednje i istočne Evrope. Veoma sam ponosan što mogu da kažem da smo realizovali gotovo 70 projekata u 15 zemalja u čitavom regionu. To ne bi bilo moguće bez strastvene posvećenosti brojnih kolega u sedištu RBI u Beču i njenim filijalama u zemljama srednje i istočne Evrope. Ti rezultati, zajedno sa velikom pomoći RBI, a posebno priče onih koji su i sami imali koristi od naših aktivnosti održali su me posvećenim i aktivnim u našim inicijativama i otkako sam se nedavno penzionisao. Želim EHO-u mnogo uspeha i u narednih 25 godina i mnogo duže, nama želim još mnogo partnera kakav je EHO, a obema organizacijama želim dugu i plodnu uspešnu saradnju!

Herbert Stepic,
H. Stepic CEE Charity

The GAW has been partnering with the EHO since its early years in the 1990s. We remember the early projects targeting reconciliation and peace after the dreadful Balkan wars and providing emergency aid in those hard years. We were deeply impressed and moved by the EHO's multi-confessional and nation-connecting commitment amidst destructive separation and nationalism.

Later on the EHO dedicated itself to the work for the well-being of marginalized people such as Roma as well as elderly or disabled people forgotten by society. We eagerly supported these new fields of work for we knew the EHO as a reliable partner successful building upon a peaceful, reconciled and just society.

WE HIGHLY APPRECIATE THE EHO'S ENDURANCE, RELIABILITY AND COMMITMENT.

We would like to congratulate the EHO on this milestone of its 25th anniversary and to all its successes building upon peace, justice and dignity for all. May God bless your work!

MÖWe Institute and EHO (Ekumenska humanitarna organizacija) – Partners in Dialogue

Who has particular expertise concerning Roma issues? For several years cities like Dortmund, Duisburg, Wuppertal and Gelsenkirchen have been faced with the challenge of integrating Roma from Romania, Bulgaria, Macedonia and Serbia. They flee from poverty, discrimination and lack of perspective and try to find a better life for themselves and their families. When we, the Evangelical Church of Westphalia, organized a conference in 2014 on the theme of EU-internal migration we decided that this should be a topic. Immediately the EHO in Novi Sad caught my eye. Our institute for Mission, Ecumenism and Global Responsibility (MÖWe) is situated in Dortmund. For many years the city has maintained a partnership with Novi Sad. In both cities there is a Roma minority. My contacts became more intense. Robert Bu made a significant contribution to our Westphalian conference and I realized that beside advocacy, lobbying work and social-diaconical support for the people living in Vojvodina the EHO performs important tasks in the field of healthcare and social responsibility. For me the EHO is a competent cooperation partner close to the people using innovative approaches and strengthening volunteer commitment. A good example for this is the training and monitoring of the "Green Ladies" in the oncological department of the hospital in Sremska Kamenica. Here patients and nursing staff are supported in every day clinical routine by volunteers. And with the commitment for the civil-war refugees from Asia and Africa stranded in the North of Serbia the EHO takes the responsibility for another scope of duties. My congratulations to EHO as ecumenical institution of different churches on 25 years committed work and I wish you success and recognition for your social commitment and in strengthening civil society for the next 25 years. I am also looking forward to new joint projects for example in the field of peace and reconciliation work, strengthening the dialogue between western and southeastern Europe.

GAW sarađuje sa EHO od početka njihovog postojanja iz devedesetih godina prošlog veka. Sećamo se prvih projekata koji su imali za cilj pomirenje i uspostavljanje mira nakon užasnih ratova na Balkanu i pružanje urgentne pomoći u tim teškim godinama. Duboko smo impresionirani i dirnuti posvećenošću EHO-a pitanjima multikonfesionalnosti i povezivanja na nacionalnom nivou u vreme kada su vladali destruktivni separatizam i nacionalizam.

Kasnije se EHO posvetio radu za dobrobit marginalizovanih društvenih grupa kao što su Romi i starija lica i invalidi koje je društvo zaboravilo. Rado smo podržavali te nove oblasti rada jer smo znali da je EHO pouzdan partner koji je uspešno radi na izgradnji mirnog i pravednog društva sa uspostavljenim pomirenjem između njegovih članova.

VEOMA CENIMO ISTRAJNOST EHO-A, NJIHOVU POUZDANOST I POSVEĆENOST.

Želimo da čestitamo EHO-u na ovaj 25.-oj godišnjici njihovog rada i svim njihovim uspesima u izgradnji mira, pravde i dostojanstva za sve. Neka Bog blagoslovi vaš rad!

MÖWe Institut i EHO (Ekumenska humanitarna organizacija) – Partneri u dijalogu

Ko poseduje posebnu stručnost kada je reč o problemima Roma? Već nekoliko godina gradovi kao što su Dortmund, Duizburg, Vupertal i Gelzenkirhen suočavaju se sa izazovom integracije Roma iz Rumunije, Bugarske, Makedonije i Srbije. Oni beže od siromaštva, diskriminacije i loše perspektive i pokušavaju da pronađu bolji život za sebe i svoje porodice. Kada smo mi, Evangelička crkva Vestfalije, organizovali konferenciju 2014. godine na temu unutrašnjih migracija unutar EU odlučili smo da to treba da bude njena glavna tema. EHO iz Novog Sada mi je odmah zapao za oko. Sedište našeg instituta za Misiju, ekumenizam i globalnu odgovornost (Institute for Mission, Ecumenism and Global Responsibility (MÖWe)) nalazi se u Dortmundu. Dugi niz godina naš grad održava partnerske odnose sa Novim Sadom. U oba grada živi romska manjina. Moji kontakti su postajali sve intenzivniji. Robert Bu dao je značajan doprinos našoj Konferenciji u Vestfaliji i ja sam shvatio da pored zagovaranja, lobiranja i društveno-dijakonijske podrške za ljude koji žive u Vojvodini, EHO obavlja važne zadatke u oblasti zdravstvene zaštite i društvene odgovornosti. Za mene je EHO kompetentan partner za saradnju blizak ljudima koji primenjuje inovativne pristupe i radi na jačanju posvećenog rada volontera. Dobar primer toga je obuka i praćenje (monitoring) koje sprovode "Zelene dame" na Onkološkom odeljenju bolnice u Sremskoj Kamenici. Tu volonteri pomažu pacijentima i bolničkom osoblju u svakodnevnom radu. Svojom posvećenošću izbeglicama iz građanskih ratova iz Azije i Afrike koji su ostali zatečeni na severu Srbije EHO preuzima odgovornost za drugu vrstu obaveza. Čestitam EHO-u kao ekumenskoj instituciji različitih crkava na 25 godina posvećenog rada i želim vam uspeha i priznanja za svu vašu društvenu posvećenost i jačanje civilnog društva i u narednih 25 godina. Unapred se radujem novim zajedničkim projektima, na primer u oblasti uspostavljanja mira i pomirenja, jačanju dijaloga između zapadne i jugoistočne Evrope.

The creation and development of the Ecumenical Humanitarian Organization (EHO) is both remarkable and inspirational. The establishment came in response to the dire needs of the vulnerable population following Yugoslavia's break-up. But the initial humanitarian focus was quickly outgrown. EHO became a prominent player in the civil society, promoting solidarity and cooperation among all people living in Serbia. As a prime example, I would like to highlight that through development programs the focus was placed on capacity building and inclusion of marginalized groups (e.g. internally displaced people, Roma, people with special needs). Through this, EHO developed into the "spokesperson" for those who are usually not being heard.

The results achieved in the past twenty-five years can be considered as very successful. **WHERE DOES THE SUCCESS COME FROM? I WOULD SAY THAT IT IS BASED ON EHO'S VALUES AND THE FACT THAT EHO'S STAFF HAS EMBRACED THESE VALUES: RESPECT FOR HUMAN RIGHTS, EQUAL OPPORTUNITIES AND SOLIDARITY.**

While EHO has developed and grown over the past 25 years, the provision of humanitarian assistance still remains an important pillar of its work. It is a joint effort to help people in dire need, regardless of their color, religion, gender, race, ethnicity or nationality. EHO's capability to develop and execute such programs under enormous time pressure is a very rare asset. EHO's staff is dedicated and has a lot of expertise. A combination which is rarely to be found. We are proud as DKH to be EHO's partner and to support its professional work in times of crisis.

The Ecumenical Humanitarian Organization has been a valuable partner of the Danish Refugee Council Mission in Serbia since 2014, implementing various projects aiming at improving the position of vulnerable IDP Roma families. Thanks to the joint work, during the last four years living conditions have been improved for 140 families in the area of Subotica, Novi Sad, Zrenjanin and Mali Idjos, through provision of construction material for most vulnerable families.

We firmly believe the Ecumenical Humanitarian Organization plays a fundamental role in Serbia providing assistance to those most in need. We see EHO as an important actor in improving the position of vulnerable population, from providing individual solutions to contributing to the overall improvement of the social environment. We deeply appreciate as well EHO staff professionalism and dedication.

Nastanak i razvoj Ekumenske humanitarne organizacije (EHO) podjednako je uzet i inspirativan. Do osnivanja je došlo u želji da se odgovori na goruće potrebe osetljivih kategorija stanovništva nakon raspada Jugoslavije. No, početni fokus na humanitarne aktivnosti brzo je prevaziđen. EHO je postao istaknuti igrač u civilnom društvu, promociji solidarnosti i saradnje između svih ljudi koji žive u Srbiji. Kao najbolji primer želeo bih da istaknem da je kroz razvojne programe težište stavljeno na jačanje kapaciteta i inkluziju marginalizovanih grupa (npr. interno raseljenih lica, Roma, osoba sa posebnim potrebama). Na taj način EHO je postao "portparol" onih čiji se glas obično ne čuje.

Rezultati koji su postignuti u proteklih dvadeset pet godina mogu se smatrati veoma uspešnim. **ODAKLE TAJ USPEH? REKAO BIH DA JE ON ZASNOVAN NA VREDNOSTIMA EHO-A I ČINJENICI DA JE OSOBLJE EHO-A PRIHVATILO TE VREDNOSTI: POŠTOVANJE LJUDSKIH PRAVA, JEDNAKE ŠANSE ZA SVE I SOLIDARNOST.**

Dok se EHO razvijao i rastao tokom proteklih 25 godina, obezbeđivanje humanitarne pomoći i dalje je ostalo važan stub njegovog rada. Samo zajednički napori mogu da pomognu ljudima u teškim problemima, bez obzira na boju njihove kože, veru, rod, rasu, etničku ili nacionalnu pripadnost. Sposobnost EHO-a da razvija i sprovedi takve programe pod ogromnim pritiskom vremenskih rokova retko je bogatstvo. Osoblje EHO-a je zaista posvećeno i ima širok dijapazon stručnosti. Kombinacija koja se retko nalazi. Ponosni smo kao DKH što smo partner EHO-a i što možemo da im pomognemo u njihovom stručnom radu u kriznim vremenima.

Michael Frischmuth,
Diakonie Katastrophenhilfe

Ekumenska humanitarna organizacija je od 2014. godine dragoceni partner Misije danskog Saveta za izbeglice (Danish Refugee Council Mission) u Srbiji. Sa njima realizujemo razne projekte čiji je cilj poboljšanje položaja ugroženih interno raseljenih romskih porodica. Zahvaljujući zajedničkom radu tokom protekle četiri godine uslovi života 140 porodica u regionu Subotice, Novog Sada, Zrenjanina i Malog Idoša znatno su poboljšani kroz obezbeđivanje građevinskog materijala za najugroženije porodice.

Črvsto smo uvereni da Ekumenska humanitarna organizacija ima suštinski važnu ulogu u Srbiji koja pruža pomoć onima kojima je ona najpotrebnija. Mi vidimo EHO kao važnog aktera u poboljšanju položaja osetljivih slojeva stanovništva, od obezbeđivanja individualnih rešenja do pružanja doprinosa ukupnom poboljšanju socijalnog okruženja. Duboko cenimo profesionalizam i posvećenost osoblja EHO-a.

Marina Cremonese,
direktor za Srbiju i Makedoniju,
Danski savet za izbeglice
(Danish Refugee Council)

The Evangelical Church of Dortmund has been working together with the ecumenical relief organization EHO in Novi Sad since 1993 in many projects. Since many years, youth exchange programmes take place regularly, in which young adults visit each other, get to know each other, introduce their home cities and work together on a future social issue such as the dealing with violence, poverty and exclusion, education or dealing with refugees. There have been relief deliveries for hospitals, refugee shelters and socio-diaconal facilities in order to trying to alleviate some misery. However, all cooperation could only take place because the EHO networked well, analysed the plight of the people, organized the help and led the aid deliveries prepared in detail to success.

WE HIGHLY APPRECIATE THE COOPERATION WITH THE EHO AND ARE ALWAYS IMPRESSED BY THE PROFESSIONALISM OF ITS DIACONAL ACTION. WHETHER SUPPORTING A REFUGEE HOME, PROVIDING SOCIAL DIACONAL SUPPORT TO FAMILIES IN A ROMA SETTLEMENT, BUILDING A FORWARD-LOOKING PROJECT ON PSYCHOSOCIAL CARE BY VOLUNTEERS IN AN ONCOLOGY HOSPITAL OR ORGANIZING RELIEF SUPPLIES, THE EHO IS ALWAYS WELL INFORMED, CONNECTED AND ORGANIZED.

We wish the EHO all the best for the future and continue to seek the courage to seek solutions to promote justice and development. We are looking forward to help you in this task in the future.

Dirk Loose,
Department for Ecumenism, Mission and Global Responsibility
of the Evangelical Church of Dortmund

Evangelička Crkva iz Dortmunda sarađuje sa ekumenskom humanitarnom organizacijom – EHO u Novom Sadu od 1993. godine na brojnim projektima. Već dugi niz godina programi omladinskih razmena redovno se realizuju i u okviru njih mladi posećuju jedni druge, upoznaju se, predstavljaju svoje rodne gradove i zajedno rade na budućim socijalnim problemima kao što su nasilje, siromaštvo i isključenost, obrazovanje ili pitanja izbeglica. Organizovana je i dostava pomoći za bolnice, ustanove za smeštaj izbeglica i socijalno-dijakonijske ustanove kako bi se pomoglo u ublažavanju problema. Međutim, sva ta saradnja bila je moguća samo zato što je EHO dobro umrežio sve aktere, analizirao potrebe ljudi, organizovao pomoć i rukovodio dostavom pomoći za koju je sve bilo detaljno pripremljeno kako bi bila što uspešnija.

MI IZUZETNO CENIMO SARADNJU SA EHO-OM I UVEK SMO IMPRESIONIRANI PROFESIONALIZMOM NJIHOVIH DIJAKONIJSKIH AKTIVNOSTI. BILO DA POMAŽU DOMU ZA IZBEGLICE, PRUŽAJU SOCIJALNO DIJAKONIJSKU PODRŠKU PORODICAMA U ROMSKIM NASELJIMA, RAZRAĐUJU PROJEKTE PSIHO-SOCIJALNOG ZBRINJAVANJA ZAJEDNO SA VOLONTERIMA NA ONKOLOŠKIM ODELJENJIMA U BOLNICAMA ILI ORGANIZUJU DOSTAVU HUMANITARNE POMOĆI, SVI U EHO-U SU UVEK DOBRO INFORMISANI, POVEZANI I ORGANIZOVANI.

Želimo EHO-u sve najbolje u narednom periodu i želimo im da nastave hrabro da traže rešenja za promovisanje pravde i razvoja. Unapred se radujemo što ćemo vam i ubuduće pomagati u tom zadatku.

Dirk Loose,
Department for Ecumenism, Mission and Global Responsibility of
the Evangelical Church of Dortmund

Since 2008 we organize a yearly youth exchange between the EHO and the Protestant Youth in Dortmund (Evangelische Jugend) and the Evangelische Noah-Kirchengemeinde Dortmund. Regina Kaiser and I are grateful for the opportunities we had to bring young people to Serbia to experience the country, the city of Novi Sad, their touristic beauties but also the problems their Serbian peers are dealing with. Likewise we are happy to welcome our Serbian partners every other year in Dortmund.

Regina Kaiser,
Youth Secretary,
Ev. Jugend Dortmund

The topics of the exchanges have ranged from ecological and social issues to cultural activities like visiting the EXIT festival or actively participating in the 2010 Ruhr European Capitol of Culture with the exhibition „Home Stories“. Last year, thanks to EHO's connections and work in this field, we dealt with the situation of refugees in Serbia and were able to help with both Serbian and German participants at the camp in Subotica. This year a return visit in Germany is planned with a similar agenda in Hamburg and Dortmund.

Bernd Büscher,
Youth Worker,
Ev. Noah-Kirchengemeinde
Dortmund

The origin of all this was the encounter and immediate sympathy and friendship of Karoly Beres with our late colleague Gerd Plobner at the Ecumenical Twin City Meeting in 2003. Their idea of an ecumenical youth encounter has come to life in these exchange programs. **WE VALUE EHO AS AN ENDURING AND RELIABLE PARTNER ORGANIZATION, FROM WHOSE WORK AND LONG-TERM EXPERIENCE IN DEALING WITH THE SOCIAL ISSUES OF ITS COUNTRY WE CAN LEARN AND PROFIT.** Young people of both partner groups have met each other, learned and worked (and had fun) together, developed friendships. What more to expect from a youth exchange? We hope to be able to continue this for many years into the future.

THANK YOU, EHO FOLKS!

Od 2008. godine svake godine organizujemo razmenu mladih između EHO-a i Protestanske omladine u Dortmundu (Evangelische Jugend) i protestantske crkvene opštine (Evangelische Noah-Kirchengemeinde) iz Dortmunda. Regina Kaiser i ja smo zahvalni na mogućnosti koju smo imali da dovedemo mlade ljude u Srbiju kako bi se upoznali sa zemljom, gradom Novim Sadom, turističkim lepotama, ali i problemima sa kojima se suočavaju njihovi vršnjaci u Srbiji. Isto tako, srećni smo što možemo da budemo domaćini našim partnerima iz Srbije u Dortmundu svake druge godine.

Teme za razmene kretale su se od ekoloških i socijalnih pitanja do kulturnih aktivnosti kao što su poseta EXIT festivalu i aktivno učešće u projektu Evropska prestonica kulture Rur 2010 sa izložbom "Priče od kuće". Prošle godine, zahvaljujući vezama EHO-a i radu u ovoj oblasti bavili smo se pitanjima izbeglica u Srbiji i bili smo u mogućnosti da pomognemo učesnicima kako iz Srbije tako i iz Nemačke u kampu u Subotici. Ove godine planirana je uzvratna poseta Nemačkoj sa sličnim aktivnostima u Hamburgu i Dortmundu.

Početak svega ovoga bio je susret i momentalna simpatija i prijateljstvo koje je uspostavljeno između Karolja Bereša i našeg pokojnog kolege Gerda Plobnera tokom susreta Ekumenskih organizacija iz bratskih gradova koji se dogodio 2003. godine. Njihova ideja o susretima ekumenske omladine zaživela je u ovim programima razmene. **MI CENIMO EHO KAO ISTRAJNU I POUZDANU PARTNERSKU ORGANIZACIJU IZ ČIJEG RADA I DUGOG ISKUSTVA U BAVLJENJU SOCIJALNIM PITANJIMA U NJIHOVOJ ZEMLJI MOŽEMO MNOGO DA NAUČIMO I TAKO OSTVARIMO KORIST.** Mladi ljudi iz obe partnerske grupe suretali su se, učili i radili (i zabavljali) zajedno i tako uspostavljali veze prijateljstva. Šta se više može očekivati od omladinske razmene? Nadamo se da ćemo moći da nastavimo ovako još mnogo godina.

HVALA VAM, LJUDI IZ EHO-A!

When the whole story began...Geneva, late autumn, 1992

Discussions took place with Myra Blyth, World Council of Churches Europe Secretary about the processes going on in the Balkans that time. We were talking about relief activities to assist the victims of the conflict and about the relief activities of Hungarian Interchurch Aid both across the border and within Hungary: establishing a refugee centre in Nagyharsány to provide shelter for refugees.

We were talking about contacts for the above purposes, partners, whom we were working with. We were talking about a wish to have a good partner also in Serbia, whom we could cooperate with. She fully agreed with me in this, but confirmed that at that time there was no such partner in Serbia that embraced different religions and nationalities of Voivodina and whose main goal was to help and support vulnerable people. Myra supported my idea to travel there and find out more about the situation.

Some weeks later I was in Feketic negotiating with the Reformed Bishop Hódosi, who agreed with me on the need for churches to cooperate in relief activities and made a joint testimony assuring partnership in humanitarian action.

The same day I visited Martin Hovan, Superintendent of the United Methodist Church and also Bishop Irenej in Subotica, where after the evening discussions we all agreed and had the support of both churches. Shortly after these discussions, the Lutheran church also agreed to give their support.

THE NEXT DAY I WENT BACK TO FEKETIC TO BISHOP HÓDOSI AND ASKED HIM TO RECOMMEND A PERSON TO BE THE LEADER OF THE PLANNED ECUMENICAL ORGANIZATION. HE PROPOSES KÁROLY BÉRES, WHO WAS AN ENGINEER, WITH STRONG CHURCH COMMITMENT AND LONG YEARS' OF EXPERIENCE IN THE THIRD WORLD LEADING BIG TEAMS.

I discussed the proposed candidate with the Methodist and Orthodox leaders and after two days we had the agreement on the candidate, Károly Béres became the Director of the planned organization. Károly started to work on the establishment of the ecumenical relief organization with high intensity.

I participated in the first, inaugural assembly of EHO and later in the assembly when the Orthodox Church unfortunately decided to leave the organization. However, EHO have always kept the protestant collaboration, as a good example in terms of co-operation and solidarity.

Károly Béres was a defining factor in the establishment and operation of the organization, for which he gained undying merit. The organization has found its place in the international assistance community, thanks to some outstanding persons, like Anna Bú, Júlia and Ljubo and of course many others. EHO became an independent actor with its own strategy and embedded in the church.

We are grateful for those who have already left, and for those who are with us although they are no longer active.

The baton has been passed on to others, who have been insisting on the original mission and values of the organization and have the same commitment as the original team.

I do hope that with the same commitment the organization will not lose its first dynamism and with continuous development and professionalism, the level of activities reached by the organization during the past years, it will keep the common voice and common desire of churches in Serbia. EHO will continue to operate as a successful organization.

May God bless EHO's work, ancestors, current staff, and its future.

Tada je započela čitava priča... Ženeva, kasna jesen, 1992. godine Myra Blyth sekretarka Svetskog saveza crkava (World Council of Churches) za Evropu vodila je razgovore o procesima koji su se u to vreme odvijali na Balkanu. Razgovarali smo o pružanju humanitarne pomoći kako bismo pomogli žrtvama sukoba i aktivnostima pružanja humanitarne pomoći koje je realizovala Hungarian Interchurch Aid kako izvan zemlje tako i u samoj Mađarskoj: osnivanjem centra za izbeglice u mestu Nagyharsány kako bi se izbeglicama obezbedio smeštaj. Razgovarali smo o kontaktima za te aktivnosti, partnerima sa kojima smo radili. Razgovarali smo o želji da imamo dobrog partnera i u Srbiji sa kojim bismo mogli da sarađujemo. Ona se u potpunosti složila sa mnom po tom pitanju, ali je potvrdila da u tom trenutku nije bilo partnera u Srbiji koji bi prihvatio različite vere i nacionalnosti u Vojvodini i čiji bi glavni cilj bio da se pomogne svim ugroženim ljudima. Myra je podržala moju ideju da odemo tamo i saznamo više o situaciji na terenu. Nekoliko nedelja kasnije bio sam u Feketiću i pregovarao sa biskupom Reformatске Crkve Hodošijem koji se složio sa mnom o potrebi za uspostavljanjem saradnje između crkava u pružanju humanitarne pomoći i on mi je dao pismenu izjavu kojom je potvrdio svoju spremnost za partnerstvo u humanitarnim aktivnostima. Istog dana sam posetio Martina Hovana, nastojnika Ujedinjene Metodističke Crkve i vladiku Irineja u Subotici gde smo se nakon razgovora u večernjim satima svi složili i dobili podršku obe crkve. Ubrzo nakon ovih razgovora Luteranska Crkva se takođe složila da nas podrži.

SLEDEĆEG DANA SAM SE VRATIO U FEKETIĆ KOD BISKUPA HODOŠIJA I ZAMOLIO SAM GA DA MI PREPORUČI OSOBU KOJA BI RUKOVODILA EKUMENSKOM ORGANIZACIJOM. ON JE PEDLOŽIO KAROLJA BEREŠA KOJI JE BIO INŽENJER VEOMA POSVEĆEN CRKVI SA DUGOGODIŠNIM ISKUSTVOM RADA U ZEMLJAMA TREĆEG SVETA U KOJIMA JE RUKOVODIO VELIKIM TIMOVIMA.

O predloženom kandidatu sam razgovarao sa predstavnicima Metodističke i Pravoslavne Crkve i dva dana kasnije dogovorili smo se da kandidat Karolj Bereš postane direktor organizacije koju smo planirali da osnujemo. Karolj je počeo intenzivno da radi na osnivanju ekumenske humanitarne organizacije.

Ja sam prisustvovao prvoj, osnivačkoj sednici EHO i kasnije sednici skupštine kada je Pravoslavna Crkva, nažalost, odlučila da napusti organizaciju. Međutim, EHO je oduvek održavao protestantsku saradnju kao dobar primer u smislu saradnje i solidarnosti.

Karolj Bereš bio je odlučujući faktor u osnivanju i radu organizacije za šta je dobio zasluge koje nikad neće biti zaboravljene. Organizacija je našla svoje mesto u međunarodnoj zajednici za pružanje pomoći zahvaljujući izvanrednim osobama kao što su Ana Bu, Julija i Ljubo, i naravno mnogi drugi. EHO je postao nezavisni akter sa sopstvenom strategijom i ugrađen u crkveni sistem.

Zahvalni smo onima koji su nas napustili i onima koji su sa nama iako više nisu aktivni. Štafetu su preuzeli drugi koji i dalje insistiraju na početnoj misiji i vrednostima organizacije i koji su podjednako posvećeni kao i ljudi iz prvobitnog tima.

Nadam se da sa tom istom posvećenošću organizacija neće izgubiti na svojoj početnoj dinamičnosti i da će zahvaljujući stalnom razvoju i profesionalizmu nivo aktivnosti koji je organizacija ostvarila tokom proteklih godina nastaviti da bude odraz zajedničkog glasa i želje crkava u Srbiji. EHO će nastaviti da radi kao uspešna organizacija.

Neka Bog blagoslovi rad EHO-a, njene začetnike, one koji u njemu trenutno rade i njegovu budućnost.

László Lehel,
predsednik i direktor Hungarian Interchurch Aid

Diakonie Austria has been supporting EHO since 2002 with a strong focus on the Resource Centre for People with Disabilities. Building up on the excellent work of the centre's team we were able to obtain funding from several different donors from the public sector as well as foundations. We always appreciated the staff's professional and committed work with their beneficiaries.

Michael Bubik,
Head of Diakonie Austria

Other fields of cooperation opened with EHO's work with disadvantaged children – mainly Roma but also Serbian – in schools. EHO's support for these children was especially successful. Many children were prevented to drop out of school.

The floods in 2015 were a big challenge for all organisations in the region. In this phase EHO was a reliable partner for us as a donor and a readily available support for the affected population in Vojvodina.

We congratulate EHO to its 25th anniversary and look forward to good co-operation in the future. All the best for the next 25 years!

HAPPY BIRTHDAY EHO!

The past 25 years have seen great growth and development in your organisation and it should be celebrated. Your work with Roma people, with refugees, with the elderly, with children and with people with disabilities and effected transformative change in your communities. I have had the pleasure of observing you work and have been humbled at the way in which you have changed lives through the addition of a bathroom in the home of a Roma family; in how you have responded to the changing situation of refugees traveling along the Balkan route and the compassion you show to those whose life is lived within the four walls of their apartment.

YET IT IS NOT ONLY IN SERBIA AND VOJVODINA THAT YOU MAKE A DIFFERENCE. EHO IS A VALUED MEMBER OF EURODIACONIA AND HAS CONTRIBUTED IMMENSELY TO THE GROWTH AND DEVELOPMENT OF OUR EUROPEAN NETWORK. YOU HAVE BEEN ABLE TO BRING YOUR EXPERIENCE INTO THE BEST PRACTICE SHARING ACROSS THE NETWORK, HOSTED MEETINGS, CONTRIBUTED TO THE DEVELOPMENT OF KEY POLICY POSITIONS AND SPOKEN ABOUT YOUR WORK TO THE EUROPEAN INSTITUTIONS.

Perhaps three key moments stick out for me. Firstly, the receiving of the Eurodiaconia Award in 2010 for Innovation in Social Services which proved your work was on a par with your European colleagues. Secondly, the hosting of the 2012 Eurodiaconia Annual General Meeting was where you showed that Europe is not just about the European Union and that the social challenges of the Balkans were social challenges for all Europe. Thirdly, the election in 2012 of Damir Krkobabic to the Supervisory Board, bringing EHO into the leadership of Eurodiaconia for the first time.

There are many more memories – of sharing profound moments of laughter, of success and of debate. I truly believe that God has blessed the work of EHO in the past 25 years and on behalf of Eurodiaconia I pray for His continued blessing for the next 25 years.

Heather Roy,
Secretary General, Eurodiaconia

Diakonie Austria pruža podršku EHO-u od 2002. godine sa snažnim težištem na Resursnom centru za osobe sa invaliditetom. Oslanjajući se na odličan rad tima centra mogli smo da dobijemo sredstva od nekoliko različitih donatora, kako iz javnog sektora tako i od fondacija. Oduvek smo cenili stručan i posvećen rad osoblja sa njihovim korisnicima.

Ostale oblasti saradnje otvorene su kada je EHO počeo da radi sa socijalno ugroženom decom – uglavnom romskom, ali i srpskom decom – u školama. Podrška koju EHO pruža ovoj deci bila je izuzetno uspešna. Mnogo dece sprečeno je da odustane od daljnog školovanja.

Poplave iz 2015. godine bile su veliki izazov za sve organizacije u regionu. U ovoj fazi, EHO je bio pouzdan partner za nas kao donatore i pomoć koja je bila na raspolaganju za ugroženo stanovništvo u Vojvodini.

Čestitamo EHO-u 25.-u godišnjicu i radujemo se dobroj saradnji u narednom periodu. Sve najbolje i narednih 25 godina!

Michael Bubik,
Direktor Diakonie Austria

SREĆAN ROĐENDAN EHO!

Tokom proteklih 25 godina bili smo svedoci rasta i razvoja vaše organizacije i to treba proslaviti. Vaš rad sa Romima, izbeglicama, starima, decom i osobama sa posebnim potrebama koji su rezultirali su velikim promenama u vašim lokalnim zajednicama. Imao sam zadovoljstvo da pratim vaš rad i iskreno me je dirnuo način na koji ste promenili živote ljudi time što ste ugradili kupatilo u domove romskih porodica; načinom na koji ste odreagovali na situaciju u kojoj su se našle izbeglice putujući Balkanskom rutom i saosećanjem koje pokazujete prema onima koji svoj život provode u četiri zida svojih domova.

ALI, VI NE MENJATE STVARI SAMO U SRBIJI I VOJVODINI. EHO JE CENJENI ČLAN ORGANIZACIJE EURODIACONIA I DAO JE OGROMAN DOPRINOS RASTU I RAZVOJU NAŠE EVROPSKE MREŽE. UNELI STE SVOJE ISKUSTVO U NAJBOLJU PRAKSU KOJU STE PODELILI SA SVIMA U MREŽI, BILI STE DOMAĆINI SKUPOVA, DOPRINELI STE RAZVOJU KLJUČNIH POZICIJA POLITIKE I GOVORILI O VAŠEM RADU PRED EVROPSKIM INSTITUCIJAMA.

Heather Roy,
generalni sekretar,
Eurodiaconia

Ja bih možda mogla da izdvojim tri ključna momenta. Prvo, dobijanje nagrade Eurodiaconia 2010. godine za inovacije u socijalnim uslugama koja je dokazala da vaše evropske kolege cene vaš rad. Drugo, organizovanje sednice Generalne skupštine Eurodiaconia 2012. godine na kojoj ste pokazali da Evropa nije samo Evropska unija i da su socijalni izazovi na Balkanu bili socijalni izazovi za čitavu Evropu. Treće, izbor Damira Krkobabića u Nadzorni odbor 2012. godine koji je po prvi put uveo EHO u rukovodstvo Eurodiaconia.

Tu su i mnoge druge uspomene – o tome kako smo delili trenutke radosti, uspeha, ali i rasprave. Ja zaista verujem da je Bog blagoslovio rad EHO-a tokom proteklih 25 godina i u ime Eurodiaconia molim se za Njegov blagoslov i u narednih 25 godina.

RESPECT FOR HUMAN DIGNITY

Some thoughts on the occasion of the 25th anniversary of EHO in Novi Sad

My first encounters with the Ecumenical Humanitarian Organisation (EHO) were in a small office in premises belonging to the Slovak Lutherans during the 1990s. The Ecumenical Humanitarian Organisation, which arose to meet a need, began life in very modest surroundings. The objective was to help people where they were, whilst respecting their human dignity. With limited financial resources, the staff were forced to seek support from abroad.

As representatives of the Ecumenical Information Centre (ÖIZ) from Dresden, Germany, we could not help with large sums of money. We made a small donation here, gave support to a project there. But our regular visits to Novi Sad and Vojvodina gave us an opportunity to participate, to get to know the needs of poor people, to visit refugee camps and soup kitchens and to accompany deliveries of aid to Roma settlements on the outskirts of town. The interreligious and interconfessional meetings, especially in the war years of the 1990s, for example World Day of Prayer, left indelible memories. They especially helped women to recover their strength.

And then we went back home and talked about a “*different*” Serbia, about people campaigning for an end to the Balkans war and helping those in need. We talked about the diversity of ethnic groups and confessions in Vojvodina and communicated a image of a different Serbia. We invited Germans and Serbs to travel to visit one another and form their own impressions of one another. As Christians it was also important for us to remain united in prayer for peace in a region marked by violence and war.

Of course, what we could do to support EHO did not amount to much. However, over the years our friendship and trust grew. The pain was therefore all the greater when Karolj Bereš passed on so suddenly. However we also shared in joy – at the new EHO premises, and at growing local recognition in Vojvodina.

OVER THE LAST 25 YEARS, EHO HAS GROWN FROM A SMALL GROUP OF HIGHLY MOTIVATED PEOPLE FROM DIFFERENT CONFESSIONS INTO A RECOGNISED INSTITUTION, WITH ALL THE CHALLENGES AND SUCCESSES THAT GO WITH THAT. DESPITE ALL THE CHANGES, THE FOCUS OF THE PROJECTS IS STILL THE HUMAN BEING – SUFFERING AND IN NEED.

And just as in the 1990s, human dignity is still the first priority, whether the person is being given a bowl of soup, or is an elderly person in need of home care. May EHO’s fruitful work continue to grow in that spirit.

Annemarie Müller,
former director of the Ecumenical Information Centre (ÖIZ)
Dresden, 2018

POŠTOVATI DOSTOJANSTVO LJUDI

Misli povodom 25. godišnjice EHO u Novom Sadu

Moji prvi susreti sa EHO odvijali su se tokom devedesetih godina u jednoj malo kancelariji u zgradi slovačkih luterana. EHO, koja je nastala iz potrebe, započela je svoj rad pod vrlo jednostavnim uslovima. Cilj je bio da se pomogne ljudima na licu mesta, uz poštovanje dostojanstva ljudi. Sa ograničenim finansijskim sredstvima, zaposlene i zaposleni su bili upućeni na podršku iz inostranstva.

Kao predstavnice Ekumenskog informativnog centra (ÖIZ) iz Drezdena u Nemačkoj, nismo mogli pomoći s velikim iznosima. Ovde mala donacija, tamo podrška nekom projektu. Ali redovne posete Novom Sadu i Vojvodini omogućile su nam da učestvujemo, da se upoznamo sa potrebama siromašnih ljudi, da posetimo izbegličke kampove i narodne kuhinje i da ispratimo transporte pomoći romskim naseljima na periferiji grada. Ostali su nezaboravni interreligijski i interkonfesionalni susreti, naročito u ratnim devedesetim, na primer za Svetski molitveni dan. Oni su naročito pomogli ženama da povrate snagu.

I onda smo kod kuće govorili o "drugačijoj" Srbiji, o ljudima koji su se zauzeli za završetak rata na Balkanu i pomagali onima u nevolji. Pričali smo o raznolikosti etničkih grupa i konfesija u Vojvodini i prenosili smo sliku drugačije Srbije. Pozvali smo Nemce i Srbe da kroz obostrane susrete i putovanja stvore sopstvene slike jedni o drugima. I kao hrišćanima, bilo nam je važno da ostanemo ujedinjeni u molitvi za mir sa regijom koja je bila obeležena nasiljem i ratom.

Naravno, ono što smo mogli učiniti da podržimo EHO nije bilo mnogo. Međutim, tokom godina razvilo se prijateljstvo i poverenje. S tim je bio veći bol kada je Karolj Bereš tako iznenada preminuo. Ali delili smo i radosti, otvaranje novih prostorija EHO ili rastuće društveno priznanje u Vojvodini.

TOKOM PROTEKLIH 25 GODINA, EHO SE IZ MALE GRUPE VISOKO MOTIVISANIH LJUDI RAZLIČITIH KONFESIJA RAZVILA U PRIZNATU INSTITUCIJU, SA SVIM PRIPADAJUĆIM IZAZOVIMA I USPESIMA. I PORED SVIH PROMENA, U FOKUSU SVIH PROJEKATA JE I DALJE ČOVEK KOJI PATI I KOME JE POTREBNA POMOĆ.

I kao u ratnim devedesetim i dalje važi da se dostojanstvo svakog čoveka mora poštovati, bez obzira da li on dobija tanjir supe ili mu je kao starijoj osobi potrebna mobilna nega. Neka se plodan rad EHO i dalje razvija u tom duhu.

Anemari Miler,
bivša direktorka Ekumenskog informativnog centra (ÖIZ)
Drezden, 2018.

The Ecumenical Humanitarian Organisation has been a partner of the Social Inclusion and Poverty Reduction Unit (SIPRU) of the Government of Serbia since the establishment of SIPRU in 2009. **EHO'S FIELD WORK IN THE DOMAIN OF SOCIAL INCLUSION, IN PARTICULAR CONCERNING INNOVATIVE SOCIAL HOUSING APPROACHES, HAS PLAYED A PIVOTAL ROLE IN ENHANCING THE LIVING CONDITIONS OF VULNERABLE GROUPS IN SERBIA.**

In addition to this, EHO's contribution to improving the policy agenda towards more inclusive policies has been a major part of its impact. The SIPRU has many times successfully joined the forces with EHO in raising the issues pertinent to the social challenges in Serbia. Our country and its people need to witness the spreading of the passion, knowledge and empowering solutions that EHO generates in its surroundings. Having in mind the needs of our citizens and our own mission of boosting the social dimension of Serbia's EU accession process, we plea to the Government and international partners for a continued support to organizations such as EHO.

Ivan Sekulović,
Social Inclusion and Poverty Reduction Unit,
Government of the Republic of Serbia

I first encountered the Ecumenical Humanitarian Organisation when I was working with the ministry tasked with housing and involved in the issues of Roma housing. The first thing that made EHO stand out from the majority of other non-governmental organisations concerned with issues of Roma integration were their concrete results and great efficiency in achieving them, in an area notoriously difficult to tackle.

OVER TIME I GRADUALLY CAME TO UNDERSTAND THE ORIGINS OF THIS POSITIVE ACTION ON THE PART OF EHO – AN APPROACH TO RESOLVING THESE ISSUES THAT IS GROUNDED IN A FIRM FAITH. A FAITH IN PEOPLE AND THEIR POWER TO HELP THEMSELVES, FAITH IN SOLIDARITY AMONGST PEOPLE, FAITH IN THE POSSIBILITY OF CHANGE, AND FINALLY A FAITH THAT ENGENDERS TRUST.

The approach taken by EHO in addressing the housing needs of Roma and other people in poverty is “organised self-construction”, whereby these people gain not only a roof over their heads but practical construction know-how and faith in their own ability to provide a home for their family.

Considering that EHO's action in this area is also founded on a well-developed methodology, providing for a high standard of control over the allocation and use of housing support without slowing the implementation of support, I believe that this know-how should be applied as widely as possible and transferred to other interested parties. One of the traditional forms of self-assistance where this experience could be applied is the traditional *moba* (similar to a ‘bee’), which has unfortunately lost its significance in our society of frayed interpersonal relationships and forgotten solidarity.

I would describe EHO's impact very simply: it is about building a house, building ourselves and building a better society. I wish them every further success in their work in strengthening trust and solidarity among people and building a better society.

Svetlana Ristić,
Head of Department for Housing Policy,
Public Utilities and Energy Efficiency
Ministry of Construction, Transport and Infrastructure

Ekumenska humanitarna organizacija bila je partner Odeljenja za socijalno uključivanje i smanjenje siromaštva (SIPRU) Vlade Srbije od samog osnivanja SIPRU-a 2009. godine. **TERENSKI RAD EHO-A U OBLASTI SOCIJALNOG UKLJUČIVANJA, A POSEBNO VEZANO ZA INOVATIVNI PRISTUP SOCIJALNOM STANOVANJU ODIGRAO JE POKRETAČKU ULOGU U POBOLJŠANJU USLOVA ŽIVOTA UGROŽENIH DRUŠTVENIH GRUPA U SRBIJI.** Pored toga, doprinos EHO-a unapređenju politika na putu ka inkluzivnijim politikama oduvek predstavlja glavni deo njihovog uticaja. SIPRU se mnogo puta uspešno pridruživao EHO-u u pokretanju pitanja koja su rezultat socijalnih problema u Srbiji. Naša zemlja i njeni stanovnici treba da budu svedoci širenja strastvenosti, znanja i rešenja za jačanje samopouzdanja koja EHO generiše u svom okruženju. Imajući u vidu potrebe naših građana i našu sopstvenu misiju jačanja socijalne dimenzije procesa evropskih integracija Srbije apelujemo na Vladu i međunarodne partnere da nastave da podržavaju organizacije kao što je EHO.

Ivan Sekulović,
Odeljenje za socijalnu inkluziju i smanjenje siromaštva,
Vlada Republike Srbije

Sa Ekumenskom humanitarnom organizacijom sam se susrela kada sam se kao službenik pri resornom ministarstvu za stanovanje bavila pitanjima stanovanja Roma. Prvo što je EHO izdvojilo od većine drugih nevladinih organizacija koje su se bavile pitanjima integracije Roma su konkretni rezultati i izuzetna efikasnost u njihovom postizanju, i to u ovoj teško rešivoj problematici.

VREMENOM SAM POSTEPENO POSTAJALA SVESNA KORENA OVOG POZITIVNOG DELOVANJA EHO, A TO JE SAM PRISTUP REŠAVANJU OVIH PITANJA, KOJI JE ZASNOVAN NA ČVRSTOJ VERI. NA VERI U LJUDE I NJIHOVU SNAGU DA POMOGNU SAMI SEBI, VERI U SOLIDARNOST MEĐU LJUDIMA, VERI U MOGUĆNOST PROMENE, I KONAČNO VERI KOJA RAĐA POVERENJE.

Pristup koji primenjuje EHO u rešavanju stambenih potreba Roma i drugih siromašnih ljudi je organizovana samogradnja, kroz koju ti ljudi ne dobijaju samo krov nad glavom, već stiču praktična znanja za izgradnju, a time i veru u sopstvenu sposobnost da će svojoj porodici uvek moći da obezbede dom.

Znajući da se delovanje EHO u ovoj oblasti, takođe, zasniva i na dobro razrađenoj metodologiji, kroz koju se obezbeđuje kvalitetna kontrola raspodele i korišćenja stambene podrške koja ujedno ne usporava sam proces realizacije podrške, smatram da bi ovo znanje trebalo što šire primeniti i preneti i na druge zainteresovane aktere. Jedan od tradicionalnih oblika samopomoći gde je ovo iskustvo primenljivo je moba, koja je u ovom našem društvu pokidanih međuljudskih veza i zaboravljene solidarnosti, na žalost, izgubila značaj.

Stoga delovanje EHO opisujem na jednostavan način. To je gradnja kuće kroz koju gradimo sebe i bolje društvo. Stoga im želim dalji uspešan rad na jačanju poverenja i solidarnosti među ljudima i izgradnji boljeg društva.

Svetlana Ristić,
načelnica Odeljenja za stambenu politiku,
komunalne delatnosti i energetske efikasnost,

The Commissariat for Refugees, as a special organisation within the state administrative system, was founded on 4th April 1992 via the Law on Refugees. The Missing Persons Commission was also founded as part of the Commissariat by decision of the government of the Republic of Serbia on 8th June 2006. After the passage of the 2012 Law on Migration Management, the Commissariat for Refugees continued to operate under the title Commissariat for Refugees and Migration. One of the most important activities of the Commissariat in the last couple of years has been implementation of the Regional Housing Project, intended to take care of around 17,000 of the most vulnerable refugee families from Bosnia and Herzegovina and Croatia. In 2015, new difficulties arose with the increased influx of migrants from Asia and Africa, more than 1 million of them passing through Serbia in the attempt to reach EU countries. The Commissariat also takes care of people accommodated in asylum reception centres, of which there are currently 18.

Since 2008, in accordance with the Law on Asylum, the Commissariat has also been tasked with accommodating asylum-seekers, and as of 2009, in accordance with the Strategy for Reintegration of Returnees under the Readmission Agreements, is also responsible for returnees under the readmission agreement/s. In this area the Commissariat has very good cooperation with EHO, which among other things helps returnees under the readmission agreements. **INDEED, EHO IS ONE OF THE FEW NON-GOVERNMENTAL ORGANISATIONS CONCERNED WITH THE NEEDS OF POOR AND MARGINALISED GROUPS, AND WITH SEEMINGLY MODEST AMOUNTS OF ASSISTANCE THEY HAVE BEEN ABLE TO LIFT PEOPLE FROM THESE GROUPS OUT OF THE EVERYDAY CYCLE IN WHICH POVERTY AND VERY POOR LIVING CONDITIONS HAVE ENSNARED THEM.** Since the majority of returnees under the Readmission Agreement are Roma, the experience of this organisation has made it easier to work with this vulnerable group and define their needs. State institutions cannot always have full insight into all the problems of these vulnerable groups, and EHO, with its team in the field, makes the problems of these people more visible, and all available help can then be provided to them. Cooperation between the Commissariat and EHO has first and foremost been characterised by a transparent relationship, an orientation towards the same vulnerable population, and the exchange of information directed towards carrying through objectives. We are sure that in the future, too, EHO will strive towards greater cooperation with national government bodies in order to pursue strategically important projects in the areas of social welfare, social inclusion, improving the status of marginalised groups and the democratisation of society.

Komesarijat za izbeglice, kao posebna organizacija u sistemu državne uprave, osnovan je 4. aprila 1992. godine Zakonom o izbeglicama. Deo Komesarijata je i Komisija za nestala lica obrazovana Odlukom Vlade Republike Srbije 8. juna 2006. godine. Usvajanjem Zakona o upravljanju migracijama 2012. godine Komesarijat za izbeglice nastavlja rad pod nazivom Komesarijat za izbeglice i migracije. Jedna od najznačajnijih aktivnosti Komesarijata u zadnjih nekoliko godina je sprovođenje Regionalnog stambenog projekta kojim će biti zbrinuto oko 17.000 najugroženijih izbegličkih porodica iz BiH i Hrvatske. Od 2015. godine nastupaju nedaće sa povećanim prilivom migranata iz Azije i Afrike kojih je kroz Srbiju prošlo više od milion u želji da stignu u zemlje EU. Komesarijat brine i o licima koja su smeštena u prihvatne centre za azil, kojih trenutno ima 18.

Od 2008. godine u skladu sa Zakonom o azilu, Komesarijat je zadužen za smeštaj tražilaca azila, a od 2009. godine u skladu sa Strategijom reintegracije povratnika po osnovu Sporazuma o readmisiji, i za povratnike po Sporazumu o readmisiji. U ovom delu Komesarijat ima veoma uspešnu saradnju sa EHO koja se između ostalog bavi i pomoći povratnicima po sporazumu o readmisiji. **NAIME, EHO JE JEDNA OD RETKIH NEVLADINIH ORGANIZACIJA KOJA BRINE O POTREBAMA SIROMAŠNIH I MARGINALIZOVANIH GRUPE I SA NAIZGLED MALIM POMOĆIMA ČINI DA SE OVE GRUPE UZDIGNU IZNAD SVAKODNEVICE U KOJOJ SU ZAROBLJENI NEMAŠTINOM I VEOMA LOŠIM ŽIVOTNIM USLOVIMA.** Kako većinu povratnika po Sporazumu o readmisiji čine Romi, iskustvo ove organizacije čini da rad sa ovom ugroženom grupom bude olakšan, kako bi se što bolje definisale njihove potrebe. Ponekad državne institucije ne mogu da imaju uvid u sve probleme ovih ugroženih grupa, EHO sa svojim timom na terenu čini da problemi ovih ljudi postanu vidljiviji kako bi im se pružila sva raspoloživa pomoć. Saradnju Komesarijata i EHO odlikuje pre svega iskren odnos, usmerenost ka istoj populaciji ugroženih lica kao i razmena informacija u cilju realizacije aktivnosti. Sigurni smo da će EHO i u budućnosti težiti ka unapređenju saradnje sa republičkim organima uprave, a u cilju realizacije strateški važnih projekata u oblasti socijalne zaštite, socijalne inkluzije, unapređenja položaja marginalizovanih grupa i demokratizacije društva.

WE WANT TO THANK THE ECUMENICAL HUMANITARIAN ORGANISATION, WHICH ALONG WITH ITS PARTNERS ARRIVED IN OBRENOVAC WITH CONCRETE AID PROJECTS FOR THOSE IN NEED JUST A MONTH AFTER THE CATASTROPHIC FLOODS OF 2014.

Thanks to EHO more than 200 homes were restored in the hardest-hit neighbourhoods in Obrenovac: Vašarište, Belo Polje, Zvečka-Bošnjaci, Šljivice, Zabrežje, Breska, Šabački put, Rvati, Braće Jugović, Dudovi, Urovci, Veliko Polje, Piroman-Veprovica, Centar, Stubline-Veliko Polje and Majdan.

Their support and involvement in the field meant a great deal to every family individually. The icing on the cake was the construction of housing for socially vulnerable Roma families. Apartments were built in the Šljivice settlement for 21 families, which was of huge significance for people who lacked proper housing even before the flooding, but today have it. Before the flooding they lived in unsanitary conditions in the centre of Obrenovac. Our obligation as a municipality is to monitor the growth of this neighbourhood and care for its surroundings, so that the settlement of Šljivice will be a true centre of Obrenovac. Šljivice is having full infrastructure put in, including sewerage, heating and tarmacked roads, along with a beautiful new playground to be used by all the children of the settlement.

Miroslav Čučković
President of the City municipality of Obrenovac

In the last ten years that I have been working as the commissioner at the Kikinda city administration I have worked with various organisations on providing assistance to refugees, internally displaced persons and returnees under readmission agreements.

My first contact with EHO was a couple of years ago, when a revision of local action plans was undertaken, and readmittees included in programmes aiming to improve their material and housing situations. Thanks to the suggestions from and exchange of experiences with EHO, more serious analysis of the situation in the field was undertaken regarding marginalised groups, especially of the Roma population in informal settlements.

EHO was an inexhaustible source of projects, know-how and opportunities, and a team of good people, and that we commissioners at the local level needed only to direct EHO's resources in the right way in order to satisfy both end users and donors and to achieve long-term solutions at the local level.

I would like to thank EHO as an organisation for facilitating the resolution of massive problems in the area of social policy, in the right place and at the right time, in a way which involves careful analysis of the problem and an individual approach to each beneficiary.

Tatjana Barbulov
Commissioner for Refugees and Migration
Kikinda

ZAHVALJUJEMO SE EKUMENSKOJ HUMANITARNOJ ORGANIZACIJI KOJA SE SA SVOJIM PARTNERIMA POJAVILA U OBRENOVCU SA KONKRETNIM PROJEKTIMA POMOĆI UGROŽENIMA SAMO MESEC DANA NAKON KATASTROFALNIH POPLAVA 2014. GODINE.

Zahvaljujući EHO obnovljeno je preko 200 domaćinstava u najugroženijim naseljima u Obrenovcu: Belo Polje, Braća Jugović, Breska, Centar, Dudovi, Majdan, Piroman-Veprovica, Rvati, Stubline-Veliko Polje, Šabački put, Šljivice, Urovci, Vašarište, Veliko Polje, Zabrežje, Zvečka-Bošnjaci.

Njihova podrška i angažovanje na terenu su bili od velikog značaja svakoj porodici pojedinačno. Kruna je bila izgradnja stanova za socijalno ugrožene romske porodice. Stanovi su izgrađeni u naselju Šljivice za 21 porodicu, i to je velika stvar za ljude koji nisu imali rešeno stambeno pitanje pre poplava, a danas ga imaju. Oni su pre poplave živeli u nehygienjskim uslovima u centru Obrenovca, a naša obaveza je da kao opština pratimo razvoj ovog naselja i uređujemo njegovu okolinu i da naselje Šljivice bude pravi centar Obrenovca. Šljivice dobijaju kompletnu infrastrukturu, preko kanalizacije, grejanja i asfaltiranja ulica i izgradnjom novog i lepog igrališta koje koriste svi mališani ovog naselja.

Miroslav Čučković,
predsednik Gradske opštine Obrenovac

U poslednjih deset godina, koliko radim kao poverenica u Gradskoj upravi Kikinda, saradivala sam sa raznim organizacijama po pitanju pružanja pomoći izbeglim i interno raseljenim licima i povratnicima po osnovu sporazuma o readmisiji.

Prvi kontakt sa EHO ostvarila sam pre nekoliko godina kada je rađena revizija lokalnih akcionih planova i uvođenje readmisanata u programe koji unapređuju njihov materijalni i stambeni položaj. Zahvaljujući predlozima i razmenom iskustava sa EHO ozbiljnije se pristupilo analizi stanja na terenu po pitanju marginalizovanih grupa, a naročito romskog stanovništva u neformalnim naseljima.

EHO je neiscrpan izvor projekata, znanja, mogućnosti i skup dobrih ljudi i da je samo potrebno da mi poverenici na lokalnu na pravi način usmerimo sve to što EHO poseduje i tako zadovoljimo i krajnje korisnike i donatore, a na lokalnu trajno rešimo problem.

Zahvaljujem se EHO što na pravom mestu i u pravo vreme omogućuje rešavanje ogromnih problema u sferi socijalne politike na način koji podzumeva duboku analizu problema i individualni pristup svakom korisniku.

poverenica za izbeglice i migracije,

Dear Sir/Madam,

The first time I got to know the work of the Ecumenical Humanitarian Organisation a little better was in 2015, when I had the opportunity to see the results of your work in the municipalities of south-eastern Serbia.

Poverty is unfortunately more prevalent in this part of Serbia and has no regard for skin colour, ethnicity or faith. To be able to help another is a source of immeasurable satisfaction and happiness. It is little things in life – like a bathroom – that make everyday life easier for a family and help ensure children grow up in conditions that are acceptable for humans living in the 21st century.

Over the last two years the municipality of Gadžin Han has, together with the Ecumenical Humanitarian Organisation, conducted two cycles of the project *“Improving living conditions for Roma and other marginalised groups, prevention of illegal migration and promotion of the reintegration of returnees to Serbia”*, which has improved living conditions for 43 families within our municipality, of various ethnicities and religious confessions.

Activities involved building bathrooms and repairing and extending dwellings, depending on the needs stated by beneficiaries in their applications and on what most urgently needed to be done in order to improve the living conditions and the everyday lives of these families.

The project itself had another important component: the active involvement of the beneficiaries themselves, an approach intended to motivate them to fight for their own status and for a better life.

WORKING WITH YOU I HAVE MET SOME WONDERFUL PEOPLE, RESPONSIBLE PEOPLE WHO KNOW THEIR JOB, WHO MONITOR THE IMPLEMENTATION OF PROJECTS DOWN TO THE FINEST DETAILS AND LEAVE NOTHING TO CHANCE.

I hope that our cooperation will continue in the coming period, through other types of activity and to the benefit of our citizens – because the range of work you engage in is indeed broad. Even if this does not happen, we will still have made a very pleasant acquaintance.

I want to congratulate you on 25 years of successful work and I wish you many more years still.

Saša Đorđević,
President of the Municipality of Gadžin Han

Poštovani,

Prvo moje bliže upoznavanje sa radom EHO bilo je 2015. godine, kada sam imao priliku da vidim rezultate vašeg rada u opštinama jugoistočne Srbije.

Naime, siromaštvo je nažalost izraženije u ovom našem delu Srbije i ono ne prepoznaje ni boju kože, nacionalnost, a ni veru. Biti u prilici da pomogneš drugome, pruža neizmerno zadovoljstvo i sreću. Život čine male stvari, jedno kupatilo porodici olakšava svakodnevni život, obezbeđuje odrastanje dece u humanim uslovima dostojnih čoveka u 21. veku.

Opština Gadžin Han je u proteklom dvogodišnjem periodu realizovala sa EHO dva projekta „Poboljšanje uslova života Roma i Romkinja i drugih marginalizovanih grupa“ i „Prevenција ilegalnih migracija i podsticanje reintegracije povratnika u Srbiju“, kojim su poboljšani uslovi stanovanja za 43 porodice na našoj teritoriji, različitih nacionalnosti i veroispovesti.

Aktivnosti su uključivale izgradnju kupatila, sanaciju objekata, dogradnju istih, a sve prema potrebama korisnika i prema onome što je bilo najnužnije da se uradi kako bi se poboljšali uslovi stanovanja i svakodnevno funkcionisanje tih porodica.

Sam projekat je imao još jednu bitnu komponentu, a to je aktivno uključivanje samih korisnika, čime iste na neki način i podstičemo da se bore za svoj status i bolji život.

RADEĆI SA VAMA UPOZNAO SAM DIVNE LJUDE, ODGOVORNE LJUDE KOJI POZNAJU SVOJ POSAO, KOJI DO DETALJA PRATE REALIZACIJU PROJEKATA I NE PREPUŠTAJU NIŠTA SLUČAJU.

Nadam se da će naša saradnja biti nastavljena i u narednom periodu, kroz druge vidove aktivnosti, a na dobrobit naših građana, jer je lepeza vašeg rada široka. Ukoliko se to i ne dogodi, ostaje jedno lepo poznanstvo.

Čestitam vam 25 godina uspešnog rada i želim vam da još dugo trajete.

Saša Đorđević,
predsednik Opštine Gadžin Han

VOLUNTEERS

I heard about this organisation quite by accident, I asked around a little, and now here I am, volunteering for EHO for nearly a year now. I am really happy with the way this organisation works. I got involved because I wanted to invest in helping people. When I see the patients are happy to see us there beside them then it makes me happy too.

JUST A LITTLE ATTENTION FROM US, ANY KIND OF HELP, A CHAT, SOME LISTENING TIME, A TRIP TO THE SHOPS, IT ALL MEANS A GREAT DEAL TO THEM.

I am happy that such a people-centred organisation exists, and you should know that many patients have told me how highly they think of the project, a fact also backed up by the survey recently carried out. Once again, thank you for giving me the opportunity to be a part of helping and supporting this project.

As a pedagogy student at the Faculty of Philosophy at Novi Sad University, I responded to EHO's invitation to volunteer at Jožef Atila primary school in 2016. I wanted to see whether I was suited to working with children and could perhaps help a child. It turns out that when working with children – and people in general – love and attentiveness are the most important qualities to have, and those are things we can all provide.

BY OFFERING THEM THE LOVE AND ATTENTION THEY NEED WE CREATE A FAVOURABLE ENVIRONMENT FOR THE CHILD TO LEARN IN AND DEVELOP THEIR POTENTIAL, BECAUSE ONLY A CHILD THAT FEELS ACCEPTED AND SECURE CAN PROGRESS AND BECOME THE PERSON THEY WERE MEANT TO BE.

I have had many wonderful experiences in working with children but the best of all have been when I have seen children overcome difficulties and feel joy at having succeeded. I experience their gratitude in every desire of theirs to play with me, work with me and share their experiences with me. This produces an amazing sense of mutual satisfaction – for them to be listened to by an adult and for me to be able to learn something from them that I didn't even know I wanted to know. I am grateful to the Ecumenical Humanitarian Organisation for providing me with this opportunity and that I can continue in this role in 2018.

VOLONTERI

Sasvim slučajno sam čula za ovu organizaciju, malo sam se raspitala i eto već skoro godinu dana sam volonterka u EHO. Veoma sam zadovoljna radom ove organizacije. Uključila sam se zato što sam želela mojim zalaganjem da pomognem nekome i veoma me čini srećnom kad vidim da su pacijenti zadovoljni našim prisustvom.

NAŠA MALA PAŽNJA, POMOĆ U BILO ČEMU, RAZGOVOR, SLUŠANJE, ODLAZAK DO PRODAVNICE, NJIMA ZNAČI JAKO PUNO.

Sretna sam što postoji takva humana organizacija, a verujte, od jako puno pacijenata sam čula da su pozitivno ocenili takav human projekat, što dokazuje i nedavno sprovedena anketa. Još jednom hvala što ste mi omogućili da mogu mojim prisustvom da pomognem i podržim ovaj humani projekat.

Kao studentkinja pedagogije na Filozofskom fakultetu Univerziteta u Novom Sadu javila sam se 2016. godine na poziv EHO za volontiranje u osnovnoj školi „Jožef Atila“. Želela sam da proverim da li sam sposobna da radim sa decom i da nekom detetu stvarno i pomognem. Ispostavilo se da su za rad sa decom, kao i sa ljudima generalno, najpotrebniji ljubav i pažnja, a za to smo svi sposobni.

PRUŽAJUĆI IM POTREBNU LJUBAV I PAŽNJU, KOD DECE STVARAMO POGODNU SREDINU ZA UČENJE I RAZVIJANJE NJIHOVIH SPOSOBNOSTI, JER SAMO DETE KOJE OSEĆA DA JE PRIHVAĆENO I SIGURNO MOŽE DA NAPREDUJE I DA POSTANE OSOBA KOJA TREBA DA POSTANE.

U radu sa decom ima mnogo pozitivnih osećanja, ali najlepše od svih je osećanje koje se javlja kada vidim da je dete savladalo poteškoće i srećno je što je uspeo. Njihovu zahvalnost vidim u svakoj njihovoj želji da se igraju sa mnom, da rade sa mnom i da podele svoja iskustva sa mnom, što stvara neverovatan osećaj obostranog zadovoljstva - njima, što ih sluša odrasla osoba, a meni, što mogu od njih da naučim nešto što nisam ni znala da želim da znam. Zahvalna sam EHO što mi je omogućila ovo iskustvo, kao i mogućnost da u 2018. godini nastavim sa istim angažmanom.

studentkinja treće godine Filozofskog fakulteta Univerziteta u Novom Sadu

BENEFICIARIES

One Saturday I read an article in the Dnevnik daily that got my attention: *“Ecumenical Humanitarian Organisation offers assistance to elderly and immobile people”*. That was just the kind of service I needed. I contacted the coordinator of the service and not long after that I had a visit from a triage carer. The service provides assistance and care to its users. The way they are organised is that they are available one hour a day, and for however many days the person needs. They try to arrange the days and times that suit you if at all possible. My carer Melinda and I get on well. We are able to agree on everything, just like a family – and not just any family. A medical nurse also works for the service, a very hard-working person who provides minor health care services. All in all I am very pleased.

Slavica Karolić

I WISH YOU A HAPPY 25th ANNIVERSARY, AND WISH YOU MANY MORE YEARS STILL! THANK YOU FOR BEING THERE!

The vision of my parents, and my desire and the dreams of my children – to tear ourselves away from the margins of society – began to come true with the help of EHO.

Long ago in the 1980s my parents came to Novi Sad from Kosovo and Metohija in search of a better life. They settled in Veliki Rit and the family grew such that now I have my own family. Wanting to give my children more opportunities and the chance to earn a better social status, I took them to Germany. We learned the language and did everything we could to find the ideal place, even if it was in a third country. I dreamed of my children pulling themselves up out of a life that was centred around social welfare payments. Family tragedies prevented this from happening: my brother died, leaving his family without a breadwinner, and my father fell very ill. We returned to face a struggle for survival. Drowning in this sea of adversity and of the impossible, I learned of EHO, which was key to making a new start. Our family received several different kinds of help, with particular support provided to the children. Schoolbooks, school supplies, footwear and clothing meant that my three school-age children could go to school, which they do, gladly and regularly. Donations in the form of building materials and furniture meant the children could be given the best possible conditions in which to live, grow and develop. The greatest benefit has been that my children are successful in school and are dreaming about how they will succeed in life through their own efforts and through education!

I know that many families in our community have received assistance in some form, and this can be seen in their changed lives. The supported families are grateful, and word has spread.

TO ME THE PEOPLE FROM EHO ARE TRUE FRIENDS, WHO HAVE MADE EVERYDAY LIFE EASIER AND HELPED IN THE MOST IMPORTANT THING OF ALL: CREATING A BETTER FUTURE!

KORISNICI

Jedne subote u dnevnom listu Dnevnik naišla sam na reportažu koja mi je zaokupila pažnju: *Ekumenska humanitarna organizacija pruža pomoć starijim i iznemoglim licima*. Takva vrsta usluge mi je baš bila potrebna. Stupila sam u kontakt sa koordinatorkom službe i nedugo zatim posetila me je trijažerka. Služba radi po principu pomoći i nege korisnicima. Organizovani su tako da su dostupni po jedan sat dnevno, pa koliko je kome potrebno dana. Gleda se da se udovolji izboru dana i sata koliko god je to moguće. Moja negovateljica Melinda i ja se dobro slažemo. O svemu se dogovaramo, kao u porodici, i to ne bilo kakvoj. U službi radi i medicinska sestra, vredna osoba, koja pruža manje zdravstvene usluge. Sve u svemu jako sam zadovoljna.

SREĆNA VAM 25. GODIŠNJICA USPEŠNOG RADA, SA ŽELJOM DA NASTAVITE TAKO JOŠ MNOG LJETA. HVALA VAM ŠTO POSTOJITE!

Slavica Karolić,
korisnica usluge kućne nege i pomoći u kući

Vizija mojih roditelja, moje želje i snovi moje dece da se otrgnemo sa margina društva počeli su da se ostvaruju uz pomoć EHO.

Moji roditelji su, davnih 80-tih godina, došli sa Kosova i Metohije u Novi Sad u potrazi za boljim uslovima života. Nastanili su se u Velikom ritu. Porodica je rasla tako da sada i ja imam svoju užu porodicu. U nameri da svojoj deci omogućim povoljnije uslove za odrastanje i mogućnosti da se izbere i steknu što bolji položaj u društvu, poveo sam ih u Nemačku. Učili smo jezik, radili sve kako bismo pronašli optimalno mesto, makar i u trećoj zemlji. Sanjao sam o tome da se moja deca izdignu i prevaziđu život zasnovan na socijalnim prihodima. U tome su nas omele porodične tragedije: brat je preminuo i ostavio nezbrinutu porodicu, a otac je teško oboleo. Vratili smo se i suočili sa borbom za opstanak. U moru teškog i nemogućeg saznao sam za EHO što je bilo ključno za novi početak. Porodica je dobila višestruku pomoć, naročito su deca bila podržavana. Udžbenici, školski pribor, obuća i odeća značili su da moje troje dece/učenika rado i redovno pohađa školu. Donacija u vidu građevinskog materijala i nameštaja omogućila je deci optimalne uslove za život, rast i razvoj. Najveća dobit je u sledećem - moja deca su uspešni đaci i maštaju kako će svojim trudom i obrazovanjem uspeti u životu.

Znam da su mnoge porodice u okruženju dobile neki vid pomoći i to se vidi u promeni njihovog života. Zahvalnost podržanih porodica je velika i informacije o tome se prenose.

ZA MENE, LJUDI IZ EHO SU ISTINSKI PRIJATELJI JER SU MI OLAKŠALI SVAKODNEVNI ŽIVOT I POMOGLI U NAJVAŽNIJEM: STVARANJE BOLJE BUDUĆNOSTI.

My name is Arif, I am 18 years old. I first heard of EHO when I started coming to the Drop-in Centre for children a couple of years ago. A couple of months ago I needed help getting my personal ID card issued, so I turned to EHO. They did this for me and it meant a great deal to me, and to my mother, who was worried about how I would get my ID card. I memorised everything needed to get an ID card and I pointed many people from Veliki Rit to EHO. One time I brought in a list of people who needed an ID card. Later I was invited to take part in the My Life on the Streets of Novi Sad project, where we were given the task of photographing everything we found interesting and the different places we went to. I really enjoyed the project, and every time the EHO field workers came to see us to discuss the workshops, I always came on time and was ready. I know I always took the most photos and hoped I would be the winner because there was a prize for the best photographer. And I did win. My prize was a new camera.

Arif Rizvani

I WANT TO BECOME A WEDDING PHOTOGRAPHER. AND A HAIRDRESSER. THANK YOU TO EHO FOR BEING THERE FOR ME.

Moje ime je Arif i imam 18 godina. Za EHO sam prvi put čuo kada sam počeo da dolazim u Svratište za decu pre nekoliko godina. Pre dva-tri meseci trebala mi je pomoć oko izrade lične karte. Obratio sam se EHO i oni su mi u tome pomogli. To mi je mnogo značilo, kao i mojoj majci koja je mnogo brinula kako ću napraviti ličnu kartu. Zapamtio sam šta je sve potrebno da bi neko došao do lične karte pa sam mnoge iz Velikog Rita uputio na EHO. Jednom sam doneo spisak ljudi kojima je potrebna lična karta. Kasnije sam bio pozvan da učestvujem u projektu „Moj život na ulicama Novog Sada“ u okviru kog smo imali zadatak da fotografišemo sve ono što nam je zanimljivo i kuda se krećemo. Uživao sam na projektu i svaki put kada su terenski saradnici EHO dolazili kod nas da se dogovaramo oko radionica, ja sam uvek dolazio na vreme i bio spreman da aktivno učestvujem. Bio sam svestan da sam ja uvek pravio najviše fotografija i nadao sam se da ću ja da pobedim jer je nagrada bila predviđena za onog koji napravi najbolje fotografije. I pobedio sam! Za nagradu sam dobio nov fotoaparat.

ŽELIM DA POSTANEM FOTOGRAF KOJI FOTOGRAFIŠE NA VENČANJIMA. A ŽELEO BIH DA BUDEM I FRIZER. HVALA EKUMENSKOJ HUMANITARNOJ ORGANIZACIJI ŠTO JE BILA UZ MENE.

ECUMENICAL AND PEACE-BUILDING PROJECTS

PRAYER FOR PEACE / WORLD DAY OF PRAYER – WDP / ECUMENICAL FORUM OF EUROPEAN CHRISTIAN WOMEN

July 1993-the present day

From 1993-1995, when armed conflicts in the immediate neighbourhood of the then FR Yugoslavia were the most intensive, weekly peace prayers were held in different churches and religious centres in Novi Sad. They were attended by the clergy, religious leaders and believers of Novi Sad's religious communities, including most of the Christian churches, as well as from the Jewish and Islamic communities. In the period from 1996 to 2002, ecumenical prayers were held every second Wednesday in one of the Novi Sad churches, where people met in common prayer for peace in the world.

Since 1994 EHO has been coordinating all WDP-related activities. The World Day of Prayer is every first Friday in March. It started as a women's initiative and grew into an ecumenical one, inviting people all over the world to come together in their churches on that day and pray for peace and love in the world.

Since 1997 EHO has been coordinating the work of the Ecumenical Forum of European Christian Women in Vojvodina. The aim of the Forum is to connect women from different churches, to enhance women's initiatives and to promote peace and tolerance among Christians.

THE LEUENBERG HOME IN FEKETIĆ

1994-2008

Donors: HEKS (Hilfswerk der Evangelischen Kirchen in der Schweiz), GAW (Gustav-Adolf-Werk), Christian Aid, Churches in Dortmund

The Leuenberg Home in Feketić is the property of the Christian Reformed Church in Serbia and was used by EHO from 1994 to 2008 for all its activities, involving a great many people.

From June 1994 to June 1995 the home was thoroughly renovated and adapted for use as a youth and conference centre (with investments made in a new central heating system, boiler room, bathrooms, furniture, kitchen appliances etc.). Between 1999 and 2003 the home was enlarged with two rotundas in the yard, and instead of the old gazebo a new one- storey building was constructed with bedrooms and bathrooms, so that its capacity today is 90 people. During the 15 years that the Home was being run by EHO, it hosted more than 50,000 people from Serbia and abroad. MOLITVE ZA MIR / SVETSKI MOLITVENI DAN / EKUMENSKI FORUM ŽENA

Jul 1993-danas

U periodu od jula 1993. do decembra 1995, u vreme ratnih sukoba na teritoriji bivše Jugoslavije, svake srede u Novom Sadu su se za mir zajedno molili Hrišćani, Jevreji i Muslimani. To su bile jedine međukonfesionalne molitve koje su za vreme rata održavane na teritoriji bivše Jugoslavije. U periodu od 1996. do 2002. godine su svake druge srede u mesecu u drugoj crkvi u Novom Sadu održavane mesečne ekumenske molitve za mir u svetu.

Od 1994. godine EHO je vojvođanski koordinator svih aktivnosti za Svetski molitveni dan, koji se održava svakog prvog petka u mesecu martu. Ova prvobitno ženska inicijativa je prerasla u ekumensku, kojom se pozivaju ljudi u celom svetu da se tog dana okupe u svojim crkvama i zajedno mole za mir i ljubav u svetu.

Od 1997. godine EHO koordinira i rad Ekumenskog foruma žena u Vojvodini, u okviru kojeg se radi na povezivanju i saradnji žena iz različitih crkava, na jačanju ženskih inicijativa i promociji mira i tolerancije među hrišćanima.

Korisnici ove pomoći su gajili povrće u periodu od marta do oktobra, što je bilo naročito važno za izbegla lica, jer im je omogućilo neku vrstu aktivnosti, a višak proizvoda su mogli da prodaju na pijaci, stižući prihode na taj način. Seme povrća je kupovano od lokalnih preduzeća za proizvodnju semena i svaki paket se sastojao od 20 malih kesica različitog povrća, što je pokrivalo potrebe prosečne porodice. Paketi sa semenom povrća su pored Vojvodine, deljeni i u centralnoj Srbiji, Bosni i Hercegovini, Baranji i Istočnoj Slavoniji.

In November 2009, field work was initiated with children living and/or working on the street, aiming to engage those children who are infrequent visitors to the Novi Sad Drop-In Centre for children and youth, or who do not come at all or use other social welfare services. The general objective of the work in the field with children living and/or working on the street is to provide them with access to social, healthcare, educational and other welfare services, in order that each institution would recognise each child along with his or her need to be just that – a child. Project activities include field visits by volunteers to “hot spots” (road junctions, town squares, public car parks and other places where this target group gathers), addressing basic needs for food, water, clothing and footwear, providing vital baby supplies, providing basic medical services, psychosocial and legal support, obtaining personal documents, providing advice and information on how to pursue basic rights, and organising educational, creative and preventative workshops in substandard settlements in Novi Sad, together with other partners. In 2016, partnership was established with the Jožef Atila primary school in Novi Sad, aimed at preventing children leaving the education system and becoming involved in life/work on the streets. EHO Apelom i pojedinačnim projektima za pomoć izbeglicama i migrantima iz Afrike i Azije od 2015. godine prikupljeno je preko 2,2 miliona evra.

Sredstva su bila usmerena na neophodnu pomoć za preko 250.000 izbeglica i migranata u tranzitu kroz Srbiju, kao i onima koji su ostajali u Srbiji i duže od godinu dana. Podrška je podrazumevala pružanje humanitarne pomoći u hrani, obući i odeći, higijenskim proizvodima, medicinskim uslugama i lekovima, održavanje prostorija u kojima borave izbeglice i vođenje dečijeg sigurnog centra, a EHO je i jedina organizacija koja je obezbeđivala industrijsko pranje veša u svim tranzitnim i prihvatnim centrima u Vojvodini.

Od 2016. godine, aktivnosti su se fokusirale i na poboljšavanje infrastrukture: renoviranje, obnavljanje, opremanje prihvatnih i tranzitnih centara (doprinos EHO smeštajnom kapacitetu izbeglica u Srbiji dostigao je 20%). U toku je izgradnja objekta koji bi služio kao dnevni i edukativni centar za decu i žene i izgradnja bunara koji je od suštinskog značaja za podizanje kapaciteta vode ne samo za potrebe prihvatnog centra, nego i za lokalnu zajednicu.

Projektne aktivnosti su se odvijale u svim prihvatnim centrima na teritoriji Vojvodine (Adaševci, Principovac, Siva kuća, Sombor, Subotica), ali su obuhvatali i izbeglice smeštene u azilantskom centru u Krnjači i prihvatnom centru u Obrenovcu, kao i one smeštene na otvorenom na granici sa Mađarskom i u centru Beograda.
